

Pope John Paul II High School Online Educational Plan

Dear JPPII Community,

We hope you have been safe and are enjoying your well-deserved Spring Break. We remain a community committed to supporting the learning of students while taking necessary precautions against the Covid-19. In balancing out these goals of academic progress with student safety, we will resume online courses on Tuesday, March 24. Regular communication with our JPPII community will remain a priority in the coming weeks. The expectation is that students will be “attending” 50 minute online courses during the morning while using the afternoon to complete assignments. This plan will ensure that students continue to make academic progress and maintain a schedule that will allow us to hit the ground running when we return to classes on campus. Google Classroom will be the primary way teachers provide learning activities. Graded assignments, as well as due dates, will be posted on Veracross, so expectations are clear for students and families.

We are using a tiered approach for course scheduling. During the first week, March 24-27, we are prioritizing those courses where we have less control of curricular choices since they directly affect ACT, dual enrollment, or Advanced Placement scores that play a role in the college admissions process. The purpose of this prioritization is not to suggest that all courses are not important to JPPII’s holistic education. Instead, we anticipate that some in our community might experience technical issues, and we want to provide time and flexibility for those students to work through those issues during the class periods that do not “meet” during the first week. If these classes are able to successfully “meet,” students will begin meeting with all of their courses except the Innov8 period during the week of March 30-April 3.

Schedule: March 23-March 27

Courses that will meet:

- All Math courses
- All Science courses
- All English courses
- All Foreign Language courses
- All Advanced Placement courses

Courses that will not meet:

- All Fine Arts courses
- All PE/Strength courses
- All Innov8 courses
- All Theology courses
- All standard level Social Studies courses
- Study Halls, Exceptional Learners, Knights Success Program

Students, please use Monday, March 23 to check internet connections, check e-mail, and download the ZoomApp. Mrs. Dye, has prepared online tutorials for students concerning some of the online platforms that we will be using to deliver course content. Your teachers will be communicating agendas for the following class period, so you are aware if you will be joining a video conference, watching online video supports through EdPuzzle/Youtube/etc., and/or working on documents and chatting through Google Classroom. If a teacher is using a live video conference, our goal is to record and post those in the event a student is unable to “attend” a live session.

If all goes according to plan, we will resume a regular schedule for all courses except for PE, Study Halls, Exceptional Learners, and Innov8 courses from March 30-April 3. Please note that five periods will meet on Monday, March 30.

We will be in regular contact if we need to make adjustments to this plan as we continue to provide a transformative education for our students.

In Christ,

Andrew Griffith
