CALL TO ORDER President Deborah Palumbo-Sanders called the meeting to order at 5:38 PM.

Members Present Karen Ballard, Tim DeLucia, Chris Eckhardt, Kristin Elliott, Debbie Palumbo-Sanders, Christopher Parks, Mike Vistocco

OATH OF OFFICE
Timothy Terranova District Clerk Maureen Goodberlet administered the Oath of Office to the new Superintendent of Schools Timothy Terranova. The Oath of Office was signed by Dr. Terranova.

ENTER EXECUTIVE SESSION A motion was made by K. Ballard, seconded by K. Elliott, to enter executive session at 5:38 PM to discuss the employment history of specific individuals. The motion was carried. 7 yes 0 no

REGULAR SESSION A motion was made by K. Ballard, seconded by C. Eckhardt, to return to regular session at 7:09 PM. The motion was carried. 7 yes 0 no

Board President Palumbo-Sanders welcomed everyone to the Board of Education meeting. She said on January 23rd the Board held a workshop focusing on the 2020-2021 budget. There were many in attendance who shared their thoughts via written comments. All of the comments were received and reviewed by the Board of Education and have been taken into consideration as the Board continues their discussions on the future of the District. She also took a moment to acknowledge the safety comments raised at the January 16th meeting. She said the comments were heard and are being addressed. Administration has revised plans detailing evacuation procedures. In addition, new Superintendent Dr. Terranova is meeting with District leadership and state law enforcement to review all protocols related to evacuations and threats. Finally, about the bus situation on February 11th the District is reviewing all protocols with the transportation staff. For the past two days, administration has ridden the bus, including the new Superintendent.

APPROVE AGENDA A motion was made by C. Eckhardt, seconded by K. Ballard, to approve the agenda. The motion was carried. 7 yes 0 no

RECOGNITIONS

Sixth Grade Intermediate School teacher, Kathleen Goodberlet, was recognized by the Board of Education for achieving National Board Certification. Intermediate School Principal Kevin Swartz said Miss Goodberlet shared in a post observation meeting her interest in pursuing National Boards Certification. He said she is now not only equipped to teach our students, but equipped to be a teacher of teachers as well. The Intermediate School will benefit from her. She is one of only 97 accomplished teachers in New York State this year who have achieved National Board Certification, or one of 60 who have renewed National Board Certification, creating a total of 2,115 New York State practitioners who have achieved this distinction.

**PUBLIC
PARTICIPATION**

Joe Carey, Victor Central School District teacher and resident welcomed Dr. Terranova. He then congratulations Kathleen Goodberlet and welcomed her to the National Boards Certification Club. He said he has been teaching for 23 years. He is proud of the education the students are getting. He spoke about the budget workshop and how he appreciates the honesty and transparency. He said the Victor Teachers' Association is willing to help the Board and District educate the community.

Laura Dash, Victor Central School District teacher and resident said she was at the Budget-planning meeting a couple of weeks ago. She said she appreciated the honesty and learning. She has two children who have gone through the District and entered college as second semester students. She wants the current six year olds to have the same experience. She said she is at the meeting to support the Board and wants to know what can be done to educate the community to make everyone aware of the task at hand.

CAMPUS NEWS

Superintendent Dr. Terranova talked about his first day. He said it was the best day he has had in education. He started the day meeting students from the Senior High School Positive School Climate Club who emphasized student leadership and talked about kindness. He visited the Primary School and the Junior High School. He talked about the culture, positive attitude and respect in the Junior High School lunchroom. He saw incredible learning in all of the classrooms. At the end of the day he rode a bus, which is something he has always wanted to do. He said the Victor Central School District has a great culture. Tomorrow he will be visiting the Early Childhood School, the Intermediate School and the Senior High School.

VCS administrators summarized campus news and events at this time.

**COOPERATIVE BID
RESOLUTION**

A motion was made by M. Vistocco, seconded by K. Elliott to approve the following resolution:

WHEREAS, it would be in the joint interest of the Victor Central School District and the attached listing of cooperative members to participate in cooperative bids for the purchase of various supplies, services, materials and equipment, as Advertised by and awarded by the Clarkstown Central School District acting as the Lead Agency, as provided by General Municipal Law Section 119-0 and;

WHEREAS, each BOARD retains the legal authority to contract with the successful Vendor(s) and shall not be bound by purchase contracts or other agreements made by the other BOARD(S), therefore

BE IT RESOLVED, that the BOARD OF EDUCATION of the Victor Central School District hereby agrees to participate with the attached named school districts in such cooperative bids.

Assistant Superintendent for Business Jay Schickling said he is recommending this resolution based on two primary benefits to the District. One of the benefits is procedural efficiency through a substantial reduction in manual labor, as building administrative support currently enter purchase order information in line item detail. The second reason is a reduced supply and material expenditure through preferred vendor pricing, volume purchasing and free shipping windows. Mr. DeLucia said he looked at the materials the Board received and the examples of savings by other school districts is significant. He said the fee to join is \$14,000 however; some of the savings is in the range of \$60,000 - \$100,000 as well as saving labor. He thanked Mr. Schickling for bringing this forward.

The motion was carried. 7 yes 0 no

**OVERVIEW OF THE
ANNUAL RESERVE
AND FINANCIAL
PLAN**

Assistant Superintendent for Business, Jay Schickling discussed the Annual Reserve and Financial Plan review. One of the requirements of Board Policy and state law is a comprehensive review of the reserve plan and financials. This is the framework for budget development. This plan is being brought to the Board as a first read with hopes for a second and final read and adoption in March. Setting budgeting principles is the framework for budget development. In accordance with New York State Law, a school district may not expend more than its voter approved budget in any given fiscal year. It is vital that the voter approved budget allocates sufficient funds to not only provide the programs and services expected by the school community, but also to provide a contingency for any unforeseen risks, changes in student enrollment, disruptions to

OVERVIEW OF THE ANNUAL RESERVE AND FINANCIAL PLAN Continued

commodity and utility prices and so forth. In looking at audited results of comparison districts with budgets and enrollments of a comparable size to Victor it is common for school districts to determine between 4 and 6 percent as contingency funding. Mr. Schickling reviewed the fund balance position of the District. These are not considered reserves. He then discussed the reserves and gave the rationale for each. Mr. Schickling said the revenue source is where there are fluctuations in state aid. In conclusion, the unassigned fund balance has remained relatively stable. Dr. Parks asked Mr. Schickling, when he presented at the budget workshop does the funding status slide coincide with the projected exhaustion of some of the funds. Mr. Schickling said this is just a snapshot in time. This is targeted; it does not make any forward projection. They are the same reserves that he spoke about in the workshop. Mrs. Palumbo-Sanders asked if these were the only reserves. Mr. Schickling said they are the only operating fund reserves other than the capital. Superintendent Terranova said to Mr. Schickling in looking at the targeted amount you would recommend in each of the reserves we are about \$8 million less, not including capital. Mr. Schickling said yes. Dr. Terranova said with the reserves being under the targeted amount what is the biggest ramification in the future. Mr. Schickling said the loss of ability to use them as a stabilizer or depletion of the reserves.

BUDGET PROCESS UPDATE

Mr. Schickling provided an update on the budget projections. The good news is the Teacher Retirement System Rate was projected at a 10.25% increase but has been set at 9.53%. This is still an increase from the 2019-2020 budget; however it is a reduction of \$90,000. The Employee System Retirement Rate is stable at 14.60%. These still represent historic lows and future increases would have a negative budgetary impact. The bad news is Finger Lakes Area School Health Plan (FLASHP) and Victor Schools have benefited from tremendously low claims and utilization. In the past year, the plan has experienced a tremendous and unanticipated growth in high-cost claims. FLASHP health rates will be going up 8% and rate increases are projected to remain high into the foreseeable future. The budget increase for the 2020-2021 school year is approximately \$700,000. On the revenue side the District is looking at State Aid and the Property Tax Cap. Members of the Board of Education and Superintendent attended a Legislative Breakfast to talk about state aid and to express the needs and viewpoints of our District. Under the Property Tax Cap the Payments in Lieu of Taxes (PILOT) Agreements are being reviewed. Preliminary indications for assessment value show decreased growth. There are no material adjustments to projected revenues at this time. Mr. Schickling then went over two different budget models. If the District were to stay New York

VICTOR CENTRAL SCHOOL BOARD OF EDUCATION

BUDGET PROCESS UPDATE Continued

State tax compliant, which would mean a 1.9% tax levy increase the budget would not support any non-mandatory staffing or program additions. The budget would require substantial expenditure reductions through staff and programs to comply with the tax cap. The potential expenditure reductions would include up to \$650,000 in curricular development and support, up to \$1.2 million in regular instruction, \$190,000 in co-curricular clubs and programs, and \$250,000 in athletics and activities. These areas would be explored with the priority of addressing certain areas requested by staff, administration and supported by the Board of Education. This vote would require 50% approval. The tax rate projection is \$15.85 per \$1,000. If the District were to override the tax cap with a 9% tax levy increase the budget would support immediate programming and staffing needs as recommended by staff. The budget would begin to provide stability to the long-term financial outlook of the Victor Central School District. Potential expenditure additions would include a school safety position for coordinating school-wide safety and security, special education specialists for consultation on students with behavioral related disabilities, pupil personnel program additions to support mental health needs of students and reducing caseloads for school counselors, as well as fully funding the current replacement cycle for instructional technology devices. These areas would be explored with the priority of addressing certain areas requested by staff, administration and supported by the Board of Education. This vote would require 60% voter approval. The tax rate projection is \$16.98 per \$1,000. Mr. Schickling said keep in mind revenue assumptions are subject to change based on Legislative changes to the Governor's proposed budget as well as finalization of the tax cap calculation pending new regulations and aid projections. Mr. DeLucia said when he joined the Board one of the questions was why did he decide to run for the Board. He said back then he had kids in the District. There was a concern of losing programming and opportunities for kids so he got involved. He said he is seeing a similar situation, that there is a possibility for lost opportunities, resources and programming for our students. The night of the budget workshop folks talked about going over the cap. Mr. DeLucia said he is not sure the 9% is far enough. I think we need to have those tough discussions and figure out if we could close the gaps and provide the resources necessary so we are not faced with this situation in another two or three years. The District is getting very little help from New York State. He said the he, along with Board members Kristin Elliott and Karen Ballard went to the Legislative Breakfast to hear political answers. Mr. DeLucia said he thinks the District has to deal with it. We need to see what option five, six or seven looks like and aim at that. Mr. Eckhardt said so going out at 9% does

VICTOR CENTRAL SCHOOL BOARD OF EDUCATION

BUDGET PROCESS UPDATE Continued

not include additional curriculum development or building maintenance. There is also no additional safety school personnel in buildings. Mr. Eckhardt said if we remove \$190,000 of co-curricular clubs and programs what is left. Mr. Schickling said \$190,000 is the value of the stipend of the advisors. Mr. Eckhardt said so if you do not go over the cap you lose the clubs. He asked what does the \$250,000 mean for the athletic budget. Mr. Schickling said that is a quarter of the athletic budget. Mrs. Elliott said as a start they would cut modified sports. Mr. Schickling said the decisions would be made through consultation with the Athletic Director. Mr. Eckhardt said he would concur with Mr. DeLucia and ask that they look at additional scenarios. Mr. Vistocco said he agrees with Mr. DeLucia and Mr. Eckhardt. What hits the District is the health insurance. He said he suggests coming out with a one page fact sheet including what our current tax rate is compared to other districts, what our enrollment growth has been, the lack of the foundation aid and anything else the District feels is pertinent. This one page fact sheet can be handed out to educate the public. Dr. Parks said we have identified areas that are deficient. With scenario four we truly don't even address those areas. He said if he is in that range of household with Star Exemption, we are not even making a dent. With an override, we have to begin to stabilize our future. He said he feels that scenario four is only scratching the surface of what is needed or what we are behind in as a District. We are not going to get help from the state. The only people we are going to be able to rely on is ourselves. We have to look in the mirror and see that we are the only solutions to the deficiencies and the gaps we have. Dr. Parks said he does not think scenario four is the answer. Mr. DeLucia said back in the 90s there were similar issues and there were challenges but the District did not have a frozen foundation aid formula and there wasn't a tax cap. The District was able to go to the community to ask for corrections and approvals. It won't be easy. Mr. DeLucia said, in his opinion, the restraints on the District for generating revenue is unfair. Fix the foundation aid and get rid of the tax cap. The Board still has to do what is right for the District. He said he thinks the community will help correct the current situation. Dr. Parks said to the fact sheet, the community needs to be fully aware that when we override the cap everyone will be in a better position moving forward. If we are pushed into a contingency budget and we don't have a choice we are forced to reduce and take things away. Mrs. Elliott said we would be remiss not to recognize there are so many who want to help us. There is an added complexity that if you go over the tax cap you need a greater number of the community to support it. Mrs. Palumbo-Sanders said we are in the business of education. We need to get the facts to the community. Board President Palumbo-Sanders said to her colleagues on the Board as we move forward if there are any specific items you would like highlighted on the fact sheet send them to.

The motion was carried. 7 yes 0 no

**POLICY REVIEW
First Reading**

The following policy was brought to the Board as a first read:

- Code of Conduct; Policy 5300

Mr. DeLucia said he appreciates all of the changes. He asked to add a reference footnote to the bottom of the policy for Policy 5460.

**MEETING REPORTS
Monroe County School
Board Association
Committee Reports
(MCSBA)**

Mr. DeLucia, Mrs. Elliott and Mrs. Ballard attended the Monroe County School Board's Association Legislative Breakfast. Mr. DeLucia said he first sat at Chuck Schumer's table. He was not there one of his representatives was. There are issues with IDEA Funding from the Federal Government. He talked about a higher education bill in the spring from the Senate to help with loan forgiveness. Brian Kolb's representative was a no show. Mr. DeLucia said he sat with Harry Bronson. He asked Mr. Bronson about Medicaid expense. He said the two most expensive budget items are education and Medicaid. Mr. DeLucia asked him what can be done to decrease Medicaid funding to free up money for education. Mr. Bronson said he is working on a committee looking at the expense side of Medicaid. He said if we can provide money for care before people reach nursing homes there would be more money available. Mr. DeLucia said we should contact our representatives about the foundation aid formula and ask for mental health funding. Dr. Terranova said Mr. Bronson seems to be an advocate and hopes he stays on so he can make some headway on Medicaid. Mrs. Elliott said she did more listening and had some good conversation with some of the Board members from Brighton.

**VICTOR CENTRAL SCHOOL
BOARD OF EDUCATION**

Mr. DeLucia attended the Information Exchange Committee Meeting on February 12th. There was a presentation from West Irondequoit on the whole purpose balance between reading on a computer, tablet or phone versus using textbooks. You have to have a good balance. They recommended a book called *Reader Come Home*.

**Standing Committee
Updates**

Mrs. Palumbo-Sanders went to an Inquiry Program Committee meeting. She said Mrs. Swann showed a powerful video on the how emotional it is when a student is labeled gifted and talented.

Dr. Parks said he attended the Visual and Performing Arts Hall of Fame meeting today. He said the committee made their selections and will be they will be announced after the individuals are notified.

PUBLIC COMMENT

Mike Modleski, Victor Teachers' Association President, welcomed Dr. Terranova on behalf of the association. He also congratulated Kathleen Goodberlet on her National Board Certification. He said great work has been done on the budget already, thank you. As trained educators they are looking forward to getting into the community, the faster the better.
