

3/18/2020

Dear Southgate Families,

I would like to congratulate and thank the hardworking, food service staff for putting together and distributing 6,440 meals yesterday. Please remember, that this was done just hours after the governor closed schools. Thank you to the volunteers that helped to make it possible! Thank you to the Southgate Police Department for their assistance!

Our food program is regulated and controlled by the USDA. We are required to follow the regulations in order to distribute food. We are NOT allowed to check IDs or resident requirements when we distribute food.

There are many School Feeding Sites that families may access. This link has the full list: <https://www.resa.net/community/feeding>. The Superintendent of Dearborn Heights #7 District personally contacted me last night to encourage our families to come to one of their sites.

We have placed a large order for next week and we anticipate that we will be able to provide more meals for our families. Please keep in mind that during this unrepresented time there could be food shortages from our suppliers.

Please be patient and kind. Together we can make it through this challenging time!

Thank you!  
Jill Pastor  
Superintendent
