### Reading Activities

**Story Time** - Read with your child or have your child read to you. Talk about what you are reading and ask questions.

**Talk about print around the house** - Read labels on food items, etc.

**Label the items in your home** - Does your child know how to say and spell the things around the house? Give them post-it notes or pieces of paper and something to write with. Have them create a label for items around the house in all of the languages that they know.

**Sort items in the pantry:** By category, by shape, by weight, etc.

**Play I SPY** - I'm thinking of something in the kitchen that starts with the letter \_\_\_\_ . It is round and orange.

**Use grocery store ads for learning** - Have students circle the foods they like and create a list. Have students find and circle certain letters. Have students cut out and sort pictures of foods.

### Recite Rhymes and Sing Songs

**Phone a friend** - Do you have a friend or family member that speaks English or a language your student is learning? Set up time for a phone conversation in the target language.
