The Tilton School will not be hosting the ACT on April 4 or the SAT on May 2.

In order to ensure the safety of our students during the COVID-19 outbreak, ACT has decided to reschedule its April test date to June 13 and the College Board has canceled its SAT test date on May 2. At this time, the College Board will inform us of future administrations as soon as feasibly possible.

Tilton students—the College Counseling Office is in the process of developing a plan to ensure we have you on a personal testing plan that meets your college goals. We anticipate significant changes to the national self-isolation after the next fifteen days and ask for your patience as we provide you with more information.

Until then, please register for the most local ACT & SAT in July and August. We expect this to be a very popular time to test given the current situation and want to ensure you are able to secure a spot. Once you have made your selection, please inform your counselor.

Thank you for working through this with us,

Meredith Gadd, [mgadd@tiltonschool.org](mailto:mgadd@tiltonschool.org), (603) 286-1718
