

18th March 2020

Dear Parents,

We refer to the Prime Minister's recent announcement regarding closure of schools and cancellation of public exams in May and June, and are awaiting further detail, clarity and information. Until such time as the situation becomes clear we believe the best course of action is to continue as planned so that our pupils are in the best position possible for whatever form of assessment might be introduced.

We realise that this is a deeply unsettling time for parents, pupils and staff and we will be in touch as soon as possible as and when further details are announced.

Yours sincerely,

Ben Vessey
