15 min. passing	
2:30 – 3:15 p.m.	Online Teacher Office Hours for Extra-Help

HunZoom classes are online classroom activities, discussions, or projects that will focus on skill/content development and provide peer to peer interaction. They will be recorded and posted for student availability on RaiderNet for students who are sick or cannot access the internet. **Work Modules** are guided assignments to promote higher-level thinking that are available asynchronously on RaiderNet for completion by students on their own time. Teachers are available during the Work Module times to support student work.
