

Dear Parent/Guardian,

By now you have heard from your child's principal and teacher(s) (if necessary) regarding our materials and device pickup planned for March 20. We look forward to seeing you at the times shared in my communication last evening. Our distance learning program will begin March 23. Please click here ([Distance Learning Parent Communication .pdf](#)) for more information regarding that program. Thank you for your patience and understanding as we embark on this new adventure.

Stay well,

Mr. Ian Neviaser
