March 20, 2020

Dear Advanced Placement Students, Parents/Guardians,

This letter will provide you with pertinent information in regard to the 2020 Advanced Placement testing schedules, procedures and protocols. This notice is only for students who were planning to sit for an AP exam in May of 2020 – it is not to take an AP class next year.

*If your child is not enrolled in a current AP class, you may disregard this message.*

On March 20, 2020 in response to the current coronavirus (COVID-19) precautions, College Board has updated AP Procedures. The below is directly from college board with more information to come shortly:

As schools and communities navigate the unprecedented challenges posed by the coronavirus (COVID-19) outbreak, the health and safety of educators and students are the AP Program's top priorities. Here's how we're supporting schools:

- We're providing [free remote learning resources](#).
- We're investing in the development of a new at-home testing option.

Through our members across the country, we understand the new time constraints on everyone in the education community. These solutions are meant to be as simple and lightweight as possible for both students and teachers — without creating additional burdens for school leaders during this time.

- Traditional face-to-face exam administrations will not take place.
- Some students may want to take the exam sooner rather than later, while the content is still fresh. Other students may want more time to practice. For each AP subject, there will be 2 different testing dates.

The full exam schedule, specific free-response question types that will be on each AP Exam, and additional testing details will be available by April 3. We'll also unlock any relevant free-response questions in AP Classroom for digital use so students can access all practice questions of the type that will appear on the exam.

Advanced Placement Students, Parents/Guardians may access more information as it comes available from <https://apcentral.collegeboard.org/about-ap/news-changes/coronavirus-update?fbclid=IwAR3BZNxSjYAzO8Yw3ssVeV5W1zauVleIKGmlfdJjx-8doNKzCBIJ4L6XEsQ>

**Thank you for your patience during this difficult time. We will be sure to share more information as it becomes available.**

Sincerely,

Kristina Donovan, PhD

Supervisor of School Counseling

Paulo Velasco
