

Hello, fabulous first graders and families!

We miss you and can't wait until we're together again! Until then, we've been busy planning some activities and learning for you. We created a schedule so you can continue your first grade learning at home. We'll be checking our emails 3X a day, ending at 3:30 for any questions or clarification. We are committed to working closely with you and our colleagues to further your child's learning.

Thank you for your patience!
