### TOURNAMENTS REGULATIONS FOR STUDENTS

The following rules and guidelines are intended to clarify what the expectations are for both host families and guest athletes with regards to curfew and supervision.

1) **NO** guest athlete is allowed to leave the host family's *local environment* without adult supervision.

**Definition:** It is acceptable for guest athletes to visit local (walking distance) cafes or take a walk in the local area without adult supervision. It is **NOT** acceptable for guest athletes

to leave the host family's **local environment** without adult supervision. In this case, guest athletes MUST return to the host family no later than 22.00.

2) If host family adults take guests out in the evening then it is important that they return at a reasonable hour (22.00-23.00). Furthermore, guests should be mindful that they are in competition and therefore getting enough sleep throughout the visit is important.

3) **City centers and high profile tourist attractions:**

Clearly SCIS competitions provide wonderful opportunities for visiting athletes to not only compete but also to visit some of the best cultural sites in the world. However, even if this is a host family's local environment we urge host families to use discretion if/when visiting such sites. 4) It is only acceptable for guest athletes to travel with their housing partner(s) along with host students/parents or family members from the tournament venue to the host family before or after the day's competition. From the housing pick up guests must be accompanied by a member of the host family or designated person cleared by the Tournament Director.

**SAFEGUARDING:**

During the period of the Tournament, host parents will act in 'loco parentis' to their athlete guests, and as such, treat the athlete guests as they would their own children, and have the same expectations with regards to behavior. Athletes must fully respect the host parents and obey all instruction. This applies in all situations irrespective of location, during the period of the tournament.

Smoking, any other use of tobacco, the drinking of alcohol and the use of drugs are not permitted by the guests.

Guests should be extremely careful when using host family's internet access for downloading files (music, movies, etc.) or programs.
