

THE AMERICAN SCHOOL IN ENGLAND

Dear Prospective Parents and Visitors,

ASIS England transitioned from its regular school program to our online learning program. Not only will this transition promote the safety and well-being of our students, employees and our families as we navigate through the COVID-19 Coronavirus pandemic, but it will also ensure continuity of learning for each and every student that we serve.

While our intention is to reopen the school on April 20th, 2020, we will communicate any changes to this date based on further developments and UK Government advice. Irrespective of our reopening date, we are committed to offering an exceptional online learning experience and maintaining our student learning outcomes.

Our school remains a connected and engaged community through our online learning program. For those interested in joining such a caring school community but unable to travel, we have created [a virtual tour](#) for you to enjoy and gain a sense of how we all play our part to engage with our students each and every day.

[Click here to gain virtual access](#) to all that makes our school a unique learning environment for each child. The Admissions team is also very happy to offer individual Skype calls to all prospective students/parents and agents. We look forward to connecting with you at ukadmissions@tasisengland.org.

We are excited to begin your journey towards enrolling your child at our school through the questions you may have and through sharing a glimpse of the vibrant and supportive global community that awaits your family.
