

## **Community Council February 26, 2020**

1. Minutes read and approved.
2. Mrs. James and Mrs. Jessen will present the SIP plan top the district.
3. Testing results for last year were discussed. Achievement was typical but growth was low.
4. Items to consider: Our school size, high population of specials needs students in a small school, and RISE testing concerns.
5. Changes implemented this year to improve achievement
  - A. One to one technology
  - B. Targeted instruction
  - C. Tutors in every classroom for small group instruction.
  - D. Increased professional development
  - E. Regular data dives with administration and district support
  - F. Teacher incentive program
6. Ideas for next year: three days a week tutors, Heggerty, Imagine Learning Reading, STAR Reading, Regular professional development, Data Dives with administration
7. Ideas to improve science scores: professional development, vertical alignment, integrate science into language arts, STEAM club, robot club, Infini-D lab, and science curriculum development.
8. Community Council members in attendance: Mrs. Jessen, Mrs. Davis, Mrs. Jenkins, Mr. Jenkins, and Mrs. Dearden
9. Next meeting April 7, 2020
