Objectives

Objective / I Can:

- I can utilize the web platforms of Smartmusic and Flipgrid in order to connect with my teacher and classmates and continue to make music.
- I can develop my sightreading skills using Smartmusic.

Activities

Student Activities: Students will sign up and navigate both the platforms of Smartmusic and Flipgrid. Students will be asked to complete sightreading assignments on Smartmusic, and a short video response on Flipgrid.

Go to [Teams Folder](#). Look for the assignment:

1. Students will find a link to their class on Smartmusic in the assignment on teams. They will sign up for a free account and be added to that class. In the class, there will be a sightsinging assignment that they complete and it will be graded in real time and submitted to me.
2. Students will then click the link to get signed up in my Flipgrid classroom. They will watch a short instructional video on how to sign up and use Flipgrid. I will post a video and students will respond to it, as advised in the prompt on teams. Once their video is submitted, they are done.

Academic/Instructional Support

Baker Choir Outreach Learning

March 25 - 27, 2020

Schedule:	Teacher Support – TEAMS, Remind, & Email: boeshoreb@lpisd.org
Office Hours	Students need to work on this between Thursday 3/26 and Monday 3/30 @ 8am. It should take 1hr to complete. Any questions about the assignment please join me in a meeting on TEAMS and I can help you out. My office hours are posted below: <i>Wednesdays 9am-11am; Fridays 1pm-3pm</i>

To Be Graded

Assignment for students to submit to TEAMS Folder:

1. Login and completion of sightreading on Smartmusic – Students will follow a class link to be subscribed to that class. Every class will have a sightreading assignment that they must complete. It is graded in real time on Smart music. Their grade will be an average between their login and their completion of the assignment.
2. Flipgrid video response – I have provided a video to get students signed into flipgrid through a link to their class. From there, they will find a video that I have created, and they will then use Flipgrid to create a video response as found in the outlines of each assignment in their TEAMS folder. The video will be graded on completion.

(Explain how the assignment will be assessed)

When is it due? **Monday, March 30 by 8 am**

What assignments will the student submit?

1. Login and completion of sightreading assignments on smartmusic.
2. Flipgrid video response

How will it be submitted?

Electronically, except by individual arrangement.
