

Laguna Beach High School

Dear Breaker Families,

We hope that your student has settled into their new virtual learning routine. As we move forward with new learning for all, your LBHS Counselors want you to know that we are here to support. Below is a timeline of events regarding registration for the 2020-2021 school year. Due to the unexpected school closure, we will now be completing registration completely online in lieu of students entering their courses in Aeries in person.

Your student received a registration packet during the week of March 9-12. The LBHS Counselors gave a comprehensive presentation guiding students on course selection and balance while also reviewing how to complete an academic plan. Additionally, each student had a brief one on one meeting with their counselor in order to review preliminary course choices. Students have a copy of their 2020-2021 school year course registration sheet and were instructed to turn it in at a later date. Students can view their academic plan by logging into Aeries and selecting classes>academic plan.

Your student is now able to log on to their STUDENT Aeries portal in order to view the courses their current teachers have recommended for the 2020-2021 school year. To view teacher recommended courses please login to aeries and select classes>course requests. We encourage all students to direct any questions regarding course recommendations to their current teacher via email. In the event that they would like to take a higher-level course than recommended by their teacher, please have them email their teacher for the waiver. Once complete forward the waiver to the appropriate counselor.

Registration completion will be open for students to complete online through aeries during the week of March 23- March 27. Please watch the presentation attached on how to enter their course selections for the 2020-2021 school year. Following the completion of course registration, a listing of your student's planned courses will be mailed home to you for final verification during the month of May.

Thank you so much for your partnership as we plan for the 2020-2021 school year!

Sincerely,

Your LBHS Counselors
