

Dear West Bloomfield families,

Thank you for your continued support, kind words and efforts to make our Cloud Learning Initiative successful. It has been a very busy, but rewarding two weeks. Today, we have an update for you on our Cloud Learning plans following Spring Break.

**Friday, March 27 our teachers will not be available to our students and families.** It is important your student completes the daily Google form for attendance and complete the activities and assignments in Google classroom for the day tomorrow. Once they are done, Spring Break begins. Our teachers will be participating in a day of professional development and planning to prepare for the continuation of our Cloud Learning Initiative starting April 6.

Currently, we are scheduled to return to our schools on April 13. It is highly possible this will change and we will let you know if that happens. In the meantime, it is important our teachers have time with their colleagues to plan their lessons for April 6 and beyond.

Our teachers will not be available the week of March 30 - April 5 so they can enjoy Spring Break with their families. We hope you enjoy your Spring Break as well.

Thanks for all you do to support your child and our educators. Stay safe!
