## Policies & Procedures Review

(Cite specific local or state policy & procedure codes and the extent to which the proposed action can be done within present policy requirements. Does the action require a policy or procedure change prior to approval? If so what is your recommendation with supporting reasons?)

The STISD master list of courses will require the addition of this proposed new course, if this proposed action is approved. These Career and Technology courses will be at the college preparation course level (1.0) for grade points.

The South Texas ISD World Scholars course sequence will need to be revised to reflect the additional courses and the placement of the new courses in the sequence.

The impact to instruction overall is positive. The additional advanced Career and Technology courses are part of the program growth at the South Texas ISD World Scholars.

The additional courses will not require the hiring of additional Career and Technology teachers at this time. If the enrollment grows, then an additional teacher might be needed.

**I have reviewed the above proposed action and all pertinent policies and procedures that apply. My recommendation is the following:**

I approve.  
 I disapprove.

## Budget Impact Review

there sufficient funds in the present budget to cover the expense if the proposed action is approved? If insufficient funds exist to support the proposed action so indicate and recommend specifically how a proposed budget amendment would be presented to accommodate the proposed expense.)

The additional courses will not require additional teachers at this time. This may require shifting funding in the campus budget for 2020-2021 as part of the program equipment, and supplies.
