2. School Improvement Plan goals: Goals for 2020-2021 were discussed. It was proposed that the goals be:
 - a) Students will increase their composite ACT score from 22.6 to 22.7. Concern was expressed about reaching the lower scoring students and how to help them. Possible change could be to increase percentage of students who score 18 or above on the ACT. It was decided to add this to the goal. ACT Prep courses are available in Canvas.
 - b) Maintain the whole school graduation rate while increasing the graduation rate for minority populations by 1%.
 - c) Increase the number of students enrolled in and receiving credit for rigorous, college level courses in the following three areas: Increase the total number of credits earned in courses by 100, increase the school-wide AP pass rate from 84.5 - 85%, increase the number of students who are CTE concentrators from 202 students to 215 students. It was suggested that AP tests be monitored so that teachers do not try to discourage low achievers from taking AP tests.
 - d) Increase ELL students who are making adequate progress from 20.5 - 21.5% and increase ELL students reaching proficiency from 2.6-3.5%, Strategies for how to best help the ELL students were discussed. WIDA testing was discussed as a measurement. Ways to provide more ESL endorsed teachers were presented.

Projected funding for next year was presented. Trust land funds for next year are expected to be \$185,235.00. Proposal is to budget \$80,000 for technology, \$105,000 for salaries, \$3,500 for Nearpod, and \$1,000 for Hope Squad supplies. Carryover balance from 2019-2020 would be used.
