Two Different Ways to Write Money Amounts

If you have an amount of money less than a dollar, you can write the amount with a cents sign or a dollar sign.

1 Count the money in each box, and write it in two different ways.

ex 	23¢ or \$0.23
a 	_____ or _____
b 	_____ or _____
c 	_____ or _____

2 Write the name of each coin. Show how to write it with a cents sign or a dollar sign. Then draw a different way to make the same amount of money with more than one coin.
