

“HANDS ON” MATH

Ancient Egypt is one example of a culture that used their hands (and feet) to measure. To learn more, research “Ancient Cultures + Tools of Measurement”.

Use your hand to find the length of 5 objects around you.

Use your _____’s hand to measure the same 5 objects.

Is your hand longer than your _____’s hand?

“The length of _____ is _____ of my hands long.”

“The length of _____ is _____ of my _____’s hands long.”
