RE: 2019 State Accountability Report

The Texas Education Agency released the 2019 State Accountability Reports on August 15, 2019. The state accountability system is based primarily upon the State of Texas Assessments of Academic Readiness (STAAR) examinations. This is the second year of this version of the state accountability system with A through F grades being assigned to districts. It is the first year of A through F grades being assigned to campuses.

South Texas ISD received an A accountability rating with an overall numeric score of 97. The district received the Post-Secondary Readiness Distinction. This is the only distinction available at the district level. STISD has earned this distinction for the sixth consecutive year, which is every year it has been part of the state accountability system. There are only seventy-one district in the state who received the 2019 Post-Secondary Readiness Distinction.

The STISD campuses overall letter grades and numeric scores for this year are: Rising Scholars – A (97), STPA – A (97), World Scholars – A (94), Medical Academy – A (93), Med High – A (94), and Science Academy – A (94). Rising Scholars, Med High, and Science Academy received all distinctions available. STPA, World Scholars, and Medical Academy received all distinctions available except one.

The district and campus reports are on the following pages.

We are proud of our students, parents, teachers, and all faculty members. The high level of student performance reflected in these reports demonstrates their hard work and commitment to excellence.

Thank you.
