

Hi Right At School Families -

We wanted to take a minute to reach out and send a BIG HELLO! We know it's been a couple of busy weeks as we are all adjusting to our new normal. Let's be honest...it's most likely not been the easiest of transitions, but one thing is for sure, we will get through this together! We were just talking today about how we cannot wait to get back to our usual routine visiting our students in their programs before or after school! While it may be a few more weeks away, we wanted to let you know we'll be continuously reaching out over the next few weeks while school is closed. We'll also be updating our **Facebook page @RightAtSchoolRenton** with great educational resources and activities you and your student can do from home!

Parent Resources 🍷

Right At School has launched a new Parent Resource page that will provide a wealth of kid-friendly activities and resources: RAS activities, recommended podcasts, Ed tech and publishers offering free services and online publications, and tons of craft projects, science experiments, kid-friendly recipes, etc. We hope it will serve as a one-stop shop for parents looking to enhance their kids' time at home. Each week will highlight a "Challenge of the Week" and it encourages parents to post photos and use hashtags. Check us out and subscribe to the FREE Weekly Updates!

<https://rightatschool.com/at-home/>

Can't wait for you to share your projects with us!!!!

Thanks again! Monique and Mylissa and the Entire Renton Right At School Team
