

TK/K/First Grade Speech and Language Activities for the week of 3/30/2020

Parents,

I hope you enjoyed last week's activity! I got positive feedback, so I wrote a lesson for things you can find in the kitchen.

1. Have your child find the following items in your kitchen:

- Dish towel
- Can opener
- Wooden spoon
- Metal spoon
- Plastic cup
- Sponge
- Funnel

2. Ask the following questions:

What is it?

What color is it?

What do you do with it?

What parts does it have?

What is it made of?

Which ones are for stirring?

Which ones are for washing?

3. Think of some one and two step directions to follow with the objects, like:

First give me ____, then give me ____.

Put the ____ on, in, under, etc. the ____.

Put the blank on, in, under, etc. the ____, then put the ____ on, in, under etc. the ____.

If you have any questions or want to get in touch with me, I'm checking my district email frequently throughout the day! purvisd@mhusd.org

Please reply to this email so I know how you're doing. Are you interested in having me do some groups or a group session on-line via Zoom? I'm thinking of a 10:30-11:30 time slot. Would that work?

Stay healthy, I miss the kids!

Denise
