To Be Graded

Assignment for students to submit:

1. Tuesday's assignment:

The students will be graded on the average of their first two completions of the **Volume of Rectangular Prisms Quizziz**. The teachers will have access to each individual class period's scores, and there will be no further submission needed by the students once the quiz is completed

2. Thursday's assignment:

The students will use the given links in their TEAMS folder to submit Practice Work using Microsoft Forms. All questions on the form are required to be answered before submission. The students' grade will be an average of their first two attempts.

When is it due?

The targeted due date, for both the assignment and quiz, is April 6, 2020 by 8am. If you are still awaiting access to an electronic device or accessed an electronic device late in the week, more time will be given. **Please communicate with your teacher.**

How will it be submitted?

Electronically, except by individual arrangement.
