NEXT MEETING: 9 A.M. FRIDAY, MAY 1, 2020
FACILITIES SUBCOMMITTEE MEETING
9 a.m. Friday, March 6, 2020

PRESENT
BC Doyle
Linda Piceno
James Pace
Alvaro Meza
Aurelio Rodriguez
Debbie Flores
Kimberly Smith
Anna O’Connor
Paul Nadeau

MEETING CALLED TO ORDER: 9:12 a.m.

APPROVAL OF MINUTES FROM JAN. 31, 2020
● Linda made the motion to approve the minutes; BC Doyle seconded.
● All in favor.

FACILITIES & NEW CONSTRUCTION (PAUL NADEAU)

BROWNELL MS: APPROVAL OF COMMISSIONING AGENT
● $58,000 from Measure E.
● Proposed vendor: Cypress Engineering.
● A commissioning agent is an advocate for the district, usually an engineer or contractor. The agent goes through the site and review everything room by room to make sure everything is working the way it should.
● This work is done right during transference, or the handover from contractor to district for occupancy. They do their review before the district owns the building. It is still in the hands of the contractor.
● How is it different than inspector on record (IOR)? An IOR is in charge of safety and fire items, works with architect. This is for other non-safety/fire issue. Many of these agents are HVAC experts so their focus is on that.
● It’s not a requirement. But we hope this would help catch issues before they happen.
● Paul will explore the possibility of sharing the cost with Flint.
● Alvaro: I’d like to see how some other quotes to see how this cost compares.
● This would cover this work for the whole project (all phases).
● Next steps: Paul will explore cost sharing with Flint, see about more quotes and get more insight from Aedis or Flint.

BROWNELL MS: TECHNOLOGY ITEMS DISCUSSION
● Information only.
● Measure E, within project budget.
● Two displays per room: $61K per pod. Six pods.
● We were modeling after what we used in the math building at Gilroy HS.
● IT will be talking to the teachers about other options that may help bring down the cost. We’d like them to test some options.
● We’re also looking at other options to give us some better ways to upgrade in the future. We’d like to explore to upgrade by component vs. replacing entire devices.
● New camera system will be implemented. The existing camera system will be repurposed as spares for other sites. New buildings will match the new technology standard.
  o Web-based system. Camera stores 30-days of video and then stored in the cloud (Amazon Web Services servers). Also offers audit trails to see who has accessed what and when.
  o We have about five vendors to cover all of our schools.
● Battery backups will be up to 40 minutes.

MULTIPLE SITES: OBF LIGHTING PROJECT

● Vendor: Schneider Electric
● Vendor will replace lighting across different sites. The On-Bill Financing, or OBF, would essentially allow the district to continue to pay their current bill and part of that money would be applied to the cost of this retrofit. This retrofit will be implemented at no additional cost to the district now.
● This proposal is to address retrofits that aren’t covered by the OBF plan. Those retrofits would be $1.1 million. (See Page 23 of the handout.)
● We can look to see if we can shift credits to sites with higher priority.
● Dan has proposed that our crews can slowly swap in LED fixtures as the old fixtures go out of non-OBF sites.
● Next steps: Alvaro will ask for a schedule of the payback for the OBF. The committee approves going with OBF-funded sites and doesn’t approve going with the non-OBF sites.

SOUTH VALLEY MS: REQUEST FOR QUALIFICATIONS DISCUSSION

● Information only.
● 15 responses to the RFQ received.
● Paul has worked to get these two Top 5, based on what was turned in:
  o Aedis Architects
  o Lionakis
  o JK Architecture Engineering
  o QK Architecture
  o HED
● Dr. Flores would like to see the full list of submissions.
● The initial (pre-construction) work can be done by one firm and final actual design by another.
● Kick-off meeting will be at the site. Paul would like the principal or designee on this review of architects.
● Our proposal: We’d like to interview for 3/10 (after 2 p.m.) and 3/12 (after 1 p.m.) for presentation to board on 3/19. Dr. Flores would like to do this all in the same afternoon: 3/12. Linda isn’t available.
● Even if the rest of the candidates won’t be the one selected for South Valley MS, the rest of the pool look to be qualified to in our general pool of architects.
● We’ll seek general contractors in the same process as we did for Brownell MS. That process will start soon.
● Next steps: Paul will send a list of the submissions with bookmarks with PDFs. The interviews will start at 1 p.m. 3/12. All five interviews will be on the same afternoon.
THESE AGENDA ITEMS WERE NOT READY TO DISCUSS:

- Brownell MS: Johnson Electronics
- Brownell MS: Outdoor Creations and others
- Gilroy HS: Pool project lighting amendment No. 4

MAINTENANCE (DAN MCAULIFFE)

DISTRICT-WIDE: ROOF ASSESSMENT

- Information only.
- Dan Lajeuness from Tremco presented a five-year plan for district roofs.
- From Dan’s handouts: Roofs were evaluated and categorized. Green means roofs in maintainable condition. Amber/yellow – restoration/refresh recommended. Red – at the end of life cycle, no longer candidates for restoration.
- We try to avoid letting roofs get to red stage. This is most costly solution: $2-$3/square foot for cost of tearing off of roof materials alone.
- These are rough money estimates, based on today’s costs, for planning. As of today, district has about 1 million square feet of roofing. That is an asset worth about $20 million.
- The estimate forecasts about $5 million of roof costs over the next five years.
  - For example: Glen View ES will require shingle replacement on some buildings within five years.
  - Gilroy HS has some roofs that are no longer candidates for restoration. But it doesn’t have to be replaced immediately. The key will be planning for this project so the district maximize return on investment. But restoring these site’s roofs will provide the most return for your investment.
  - The restoration process we recommend is perpetually restorable. It means that once a roof is put on this route, it can be restored/refreshed into infinity, while avoiding total replacement.
  - How much time will it take to address the red roofs at Gilroy HS?
    - Dan: Yes, it can be done in one summer. But remember that summer is one of the most impacted times of the year, in terms of contractor time and labor pool. Other districts have saved up to about 15 percent by shifting that work to fall or winter work.
- Linda: Can this list be prioritized so we can see what should be addressed when and costs?
  - Paul: Dan McAuliffe has organized this list by priority with the district needs and restrictions in mind.

LAS ANIMAS ES: GUARD RAILINGS

- $20,217 from RRM.
- Guard rail would be installed near the two-story building. To help address large step/drop off.
- Next steps: Committee agrees this will go to the board for approval.

LUIGI ES: FLOOR REPLACEMENT IN ADMINISTRATION OFFICES

- $21,231.19 from RRM.
- Vendor: Cottage Floors.
- This would replace the worn carpet in the office with our new thicker standard.
- Linda: Will this replace flooring in staff lounge?
- Alvaro: If the carpet needs replacing in the lounge, add that to the original proposal.
Next steps: Paul will check to see if this includes staff lounge. Committee agrees this will go the board for approval.

CHRISTOPHER HS: TWO DIVING BOARD REPLACEMENTS

- Refinish: $2,079, each plus tax and shipping both ways; 6-8 weeks. New: $5,048, each plus tax and shipping. From RRM.
- Vendor: Knorr Systems, Inc. (Knorr has been the only responsive bidder so far.)
- BC is concerned about Knorr product quality. He’ll reach out to another vendor to see if they can present a quote.
- Next steps: Paul will ask pool vendor/consultant for more recommendations for additional quote. If this bid is not higher this quote, the committee approves this going to the board.

ITEMS AT OTHER SITES

- DISTRICT-WIDE: Maintenance has been disinfecting all surfaces at all sites. They worked at all sites during the break. They’re doing spot treatment now with the disinfectant machine. Surfaces are wiping down with wipes and regular cleaners every day. Sites have been keeping soap stocked in bathrooms.

MEETING ADJOURNED: 11:18 a.m.

NEXT MEETING: 9 a.m. Wednesday, April 1, 2020. Group will tour Brownell MS before regular FSC meeting.

**Quote Terms and Conditions**

1. Quotes are exclusive of all installation and programming charges (unless expressly stated) and all applicable taxes.
2. Purchaser will be responsible for shipping costs (unless specifically included), which will be added to the invoice.
3. Title will pass upon shipment, risk of loss will pass upon delivery to purchaser's facility.
4. Ordered equipment may be returned with an authorized RAM for a full refund less a 25% restocking fee. Equipment returned must be unused and undamaged in its original packaging within thirty (30) days after shipment.
5. Unless otherwise stated, prices quoted are valid for thirty (30) days from the date of this quote.
6. Unless otherwise stated, payment will become due upon invoice date. Please allow 4 to 8 weeks for delivery.
7. Manufacturer's standard equipment warranty (furnished upon request) applies to all ordered equipment.
8. Silke Communications Solutions desclaims all other warranties with respect to ordered products, expressed or implied, including the implied warranties of merchantability and fitness for a particular purpose.
9. Silke Communications Solutions total liability arising from the ordered products will be limited to the purchase price of the products with respect to which losses or damages are claimed. In no event will Silke Communications Solutions be liable for incidental or consequential damages.
10. These terms will prevail over any inconsistent or additional terms on any purchase order submitted by the purchaser.
11. Late Payment fees will apply with contractual transaction rate or 24% APR (1.8% monthly compounded) which-ever is higher.

---

**School related expenses (Non-bond expenses)** $11,078.20

**Estimated Sales Tax:** $1,226.93

**Quotation Total:** $19,230.97
AMENDMENT NO. 1
TO AGREEMENT FOR PROFESSIONAL SERVICES
WITH ENVIROSCIENCE, INC.

In connection with the Agreement for Professional Services dated as of May 31, 2019 (the “Original Agreement”) between the GILROY UNIFIED SCHOOL DISTRICT (“District”) and ENVIROSCIENCE, INC. (“Consultant”), which consists of the Original Agreement, the Proposal relating to the Original Agreement, the District’s Request for Proposals dated May 9, 2019 and several Exhibits, the Consultant and the District hereby amend the Original Agreement pursuant to this Amendment No. 1 (the “Amendment,” and together with the Original Agreement, the “Agreement”), by and between the District and the Consultant, as follows:

1. **Compensation.** The amount specified as compensation in **Paragraph 4** of the Original Agreement is hereby deleted and replaced with the following amount: $106,025. Payment of the fee shall remain subject to the agreed-upon Compensation specified in the Original Agreement and the rates or schedule of fees specified in **Exhibit B** thereto.

2. **Services.** The services described in **Exhibit A** of the Original Agreement are hereby amended. The revised **Exhibit A** is incorporated herein by this reference.

   The Services described herein do constitute additional services within the meaning of the Original Agreement.

3. **Additional Term[s].** The following new provision[s] is hereby added to the Original Agreement:

   N/A

4. **Effective Date of Amendment.** This Amendment No. 1 shall be dated and in full force and effect on the date signed by the District, as indicated below.

5. **No Other Changes; Entire Agreement.** All provisions of the Original Agreement not specifically changed herein remain in full force and effect. This Amendment, together with the Original Agreement, constitutes the full agreement and understanding of the Parties with respect to the matters therein and herein contemplated. Further provided that, if any term or provision of this Amendment shall be in conflict with any term or condition of the Original Agreement or any Exhibits thereto, the provisions of this Amendment shall control.

6. **Execution.** The person(s) executing this Amendment on behalf of the Consultant warrants and represents that Consultant has vested authority on such person(s) to execute and deliver this Agreement.
and to perform the services contemplated hereunder and that this Agreement is valid and binding on Consultant.

November 30, 2019

Re: **GUSD BROWNELL MIDDLE SCHOOL COMMISSIONING SERVICES**

Dear Edgar Esquivel:

This Proposal/Acceptance represents the entire understanding between the parties herein with respect to the above referenced project.

We propose to furnish Project Commissioning services in support of CALGreen 2016 Building Code and California Energy Code 2016 per the attached Scope of Work on this project to include:

- Document and review Owner Project Requirements (OPR)
- Document and review Basis of Design (BoD)
- Develop and maintain Commissioning Plan
- Verify installed HVAC systems, lighting, irrigation, and domestic hot water system to design requirements
- Develop System Manual
- Verify completion of training requirements
- Provide final commissioning report

Commissioned Systems under this proposal:

- Heat Pumps
- Exhaust Fans
- Dedicated Outside Air Systems
- Split System Air Conditioners
- Computer Room Air Conditioners
- Domestic Hot Water System
- Internal and External Lighting Controls
- Irrigation System
- TAB verification
- HVAC Controls (including Pelican Thermostats)

The proposed fee for this work is **FIFTY EIGHT THOUSAND DOLLARS ($58,000)**.

---

8 Harris Court Suite A8  
Monterey, CA 93940  
831.218.1802  
www.cypresseg.com
This proposal may only be modified in writing signed by all parties. In the event of litigation arising solely with respect to the payment of Cypress Engineering Group’s invoices, the prevailing parties shall be entitled to reasonable attorney’s fees and court costs. Any litigation between the parties shall be adjudicated in the County of Monterey, California. Our standard Terms and Conditions of Offer as attached are incorporated into this Proposal/Acceptance.

Please indicate your acceptance of this proposal by signing this letter and returning the same to our office, retaining a copy for your records. This proposal and pricing will expire in 30 days.

We appreciate this opportunity to be of service.

Sincerely,

Cypress Engineering Group

Sefa Isik, PE, CSP
Principal

Enclosed:
Scope of Work
SCOPE OF WORK

- **General**
  1. Review the updated OPR (Owner Project Requirements) and updated Basis of Design documents. These documents are provided by owner and design team respectively. OPR and BoD may already be incorporated in design documents.
  2. Provide Commissioning Plan to include
     a. Identify the equipment and systems to be commissioned
     b. Define the scope of the commissioning process
     c. Submittals process
     d. Define the commissioning roles and responsibilities for each member of project team
     e. Commissioning Meetings
     f. Construction checklist development and execution
     g. Functional test procedure format and development
     h. Startup process
     i. Test readiness confirmation
     j. Functional testing process - including management, execution and documentation
     k. Balancing report review and validation of readings in the field with the contractor
     l. Issues log process
     m. Training verification
     n. O&M manuals
     o. Contractor’s Project Turnover Documentation requirements
     p. Sampling Requirements
     q. Define the milestones and commissioning activities with time interval

- **Commissioning Services - Construction Phase**
  1. Conduct initial scope meeting with commissioning team members. Team members are General Contractor (GC), Owner Representative (OR), Architect, Mechanical and Electrical Consultants, Modular Building Manufacturer Project Manager, Mechanical Subcontractor (MC), Electrical Subcontractor (EC), Control Subcontractor (CC), TAB Subcontractor (TAB), Plumbing Subcontractor (PC), Inspector of Record (IOR).
     a. Submit draft commissioning plan to construction team.
     b. Explain the process to all the members, answer all the questions.
2. Review submittals related to commissioning systems.
3. Schedule site commissioning meetings with related parties, as necessary
4. Provide system readiness checklists (review forms) for equipment to be commissioned to the subcontractors for completion.
5. Prepare functional test forms based on the equipment submittals.
6. Provide Functional Test Forms to design team and subcontractors.
7. Before functional tests and training, the following items need to be completed and reviewed by Commissioning Agent (CA):
   a. All factory start-ups and system readiness forms completed by factory technician or subcontractor.
   b. All the RFIs related to Commissioning activities are answered and executed by contractor
   c. Control Systems need to be fully installed and operational.
   d. Final TAB report is provided.
   e. System readiness checklists are completed and signed by each responsible contractor.
   f. Punch list items and corrections.
   g. O&M Manuals for each commissioned equipment and systems are available and submitted to CA.
   h. As-Built Drawings shall be completed and are ready at site.
9. Prepare field reports indicating the summary of the process and non-compliance items (part of commissioning issue log).
10. Provide and maintain commissioning issues log throughout construction process.
11. Verify training of the owner O&M personnel and end users
   a. An Executive Summary
   b. Functional test procedures and results including; Deficiencies (issues) that were discovered and the measures taken to correct them and uncorrected issues and deficiencies
   c. Record of maintenance personnel training completion
   d. Value of commissioning process.
   e. Outline of System Manual
   f. Final Commissioning Issue log as attachment
13. The following contents will be included in the Systems Manual for commissioned equipment:
a. Sequences of operation  
b. Building occupancy schedule  
c. Equipment run-time schedules  
d. HVAC equipment set-points  
e. Minimum outside air requirements  
f. Systems narrative for mechanical, lighting control systems, domestic hot water systems and landscape controls and zoning.

Contractor hereby submits for District’s review and evaluation this Proposed Change Order ("PCO"), submitted in accordance with and subject to the terms of the Contract Documents, including Sections 17.7 and 17.8 of the General Conditions. Any spaces left blank below are deemed no change to cost or time.

Contractor understands and acknowledges that documentation supporting Contractor’s PCO must be attached and included for District review and evaluation. Contractor further understands and acknowledges that failure to include documentation sufficient to, in District’s discretion, support some or all of the PCO, shall result in a rejected PCO.

The undersigned Contractor approves the foregoing as to the changes, if any, to the Contract Price specified for each item, and as to the extension of time allowed, if any, for completion of the entire Work as stated herein, and agrees to furnish all labor, materials, and service, and perform all work necessary to complete any additional work specified for the consideration stated herein. Submission of sums which have no basis in fact or which Contractor knows are false are at the sole risk of Contractor and may be a violation of the False Claims Act set forth under Government Code section 12650 et seq. It is understood that the changes herein to the Contract shall only be effective when approved by the governing board of the District.

It is expressly understood that the value of the extra Work or changes expressly includes any and all of the Contractor’s costs and expenses, direct and indirect, resulting from additional time required on the Project or resulting from delay to the Project. Contractor is not entitled to separately recover amounts for overhead or other indirect costs. Any costs, expenses, damages, or time extensions not included are deemed waived.

**SUBMITTED BY:**

Contractor:

Brian Busch (WWF) 3/24/2020
[Name]  Date

END OF DOCUMENT
TERMS - We are willing to perform this change under the terms and conditions checked below:

X 1. DURATION OF OFFER. This quotation is valid for only 5 Days from the date stated above, after
    then it expires and both the price and the effect upon the project schedule will have to be
    reevaluated and re-quoted.

X 2. PRICE. We are willing to perform this change for ADDITIONAL LUMP SUM of: $ 398,437.00

X 3. THIS CHANGE WILL DELAY COMPLETION of the project by 45 Days therefore, the date
    on which this project is supposed to be completed will have to be extended a like number of days.
    Our additional jobsite cost for a delay of that duration are included in the price quoted; however
    any impact this change may have on subsequent work cannot be clearly determined at this time,
    so we reserve the right to make a claim for any cost resulting from such an impact, if any are
    incurred. If you do not authorize us to proceed with this change before, 5 Days then we will have
    to reevaluate the impact it may have on completion of the project.

4. THIS CHANGE MAY DELAY COMPLETION of the project; however, we are not able to determine
   the extent of such a delay at this time. Therefore, we reserve the right to claim an appropriate
   time extension and increase in overhead cost when they are determined.

X 5. WE ARE NOT PROCEEDING WITH THIS CHANGE until such time as we receive authorization to
   proceed pursuant to the terms, conditions and price set forth in this proposal by either executing
   the below authorization or submitting an executed contract change order.

ACCEPTED - The LUMP SUM and TERMS of this Proposed Change Order are satisfactory and are hereby
accepted. All work to be performed in conformance to original contract unless otherwise stipulated.

ACCEPTED AUTHORIZATION: (please sign and return copy)

WORK SUMMARY TOTAL

Notes: **This is Only an Estimate pending WWF confirmation all Extra Work cost are included.

Total Labor $77,091.17
Total Material $237,068.00
Total Equipment $16,776.00
Total Subcontractor $10,290.00
Total General Conditions
Equipment Budget Estimate

Gilroy High School Aquatics
Sacramento, CA
January 7, 2020

Equipment Budget Estimate – Materials Only (Sales tax, installation, and bonding are not included in pricing below)

Musco’s Light-Structure™ System as described below, and delivered to the job site:

- (4 Pole Design) Pool w/Deck – 50FC Option ................................................................. $ 128,500.00
- Preshipment of Bases............................................................................................................. $ 4,500.00

Estimated installation costs approximately 75% - 110% of equipment costs and varies by site conditions, service size, soil conditions, etc.,

Pricing furnished is based on October 2019 and is subject to change

Musco’s Light-Structure™ System with Total Light Control – TLC for LED® technology

System Description – Light-Structure System™ in 5 Easy Pieces™
- (4) Pre-Cast Concrete bases
- (4) Galvanized steel poles
- Remote electrical component enclosures
- Pole-length wire harnesses
- Factory-aimed and assembled luminaries

On Field Performance – Control to benefit players, fans and TV cameras
- Reduction of spill light and glare by 50% or more
- Guaranteed light levels on your pool of 50 foot-candles

Always Ready to Play – Control assuring the results you expect
- Reduction of energy and maintenance costs by 50% to 85% over typical 1500w HID equipment
- Product assurance and warranty program that includes materials and onsite labor, eliminating 100% of your maintenance costs for 25 years

Notes

Budget Estimate is based on:
- Shipment of entire project together to one location
- Based upon projects similar in scope, and is intended for preliminary purposes only
- Getting electrical power to the site, coordination with the utility, and any power company fees are the responsibility of the owner
- Estimate is based on a 480 volt, 3 phase system requirement
- Structural code and wind speed = 2016 CBC, 110 MPH, Importance Factor C
- Estimate is based on a 4 pole design lit to 50 foot-candles with ALIC unit.
- Assumes standard soil conditions – rock, bottomless, wet or unsuitable soils may require additional engineering, special installation methods and additional costs
- Requires confirmation of field dimensions, pole locations, and Musco lighting design prior to providing quote(s)

Thank you for considering Musco for your sports lighting needs. Please contact me with any questions.

Mr. Esquivel:  

E-MAILED TO: edgar.esquivel@gilroyunified.org  

RE: Gilroy High School Aquatics  
   DSA Application Number 01-118664, DSA File Number 43-H3  
   DSA Inspection of Light Poles and Light Pole Bases  

Pursuant to your request, I am providing this proposal for the referenced services. It is my understanding that our services will consist of shop welding inspection at Musco Lighting in Muscatine, Iowa, for four 60B light poles, as well as prestressed concrete inspection of four 3B light pole bases at Cretex/Forterra Companies in Elk River, Minnesota.

The shop welding inspection will be performed by an AWS CWI and the prestressed concrete inspection will be performed by a DSA-approved prestressed concrete inspector. This proposal excludes inspection of submerged arc or flexes core welded pole seams at Valmont Industries in Valley, Nebraska. A visual inspection of the seam welds will take place during our shop welding inspection at Musco Lighting per DSA IR17-3. Our fee for the inspection of the light poles and light pole bases, which will remain in effect until July 16, 2020, is noted below.

   DSA Inspection of Light Poles and Light Pole Bases  $4,250.00

This price is based on the use of our stockpile bases and one day of inspection for light poles at Musco Lighting. We reserve the right to increase this fee if we do not have a minimum notice of seven working days to plan our travel for this trip. Our fee includes all reports as required by DSA, documentation, and travel expenses. Additional copies of reports can be provided upon request and are subject to additional costs. Payment of our invoice is due within 30 days of invoice date and interest in the amount of ½% per month is applicable to all past-due amounts.

Please contact me if you have any questions regarding our services or fees.

Sincerely,

Robert E. Schumacher  
Director of Operations

AMENDMENT NO. 4
TO AGREEMENT FOR PROFESSIONAL SERVICES
WITH AEDIS ARCHITECTURE, INC.
GILROY HIGH SCHOOL SWIMMING POOL REPLACEMENT PROJECT

In connection with the Agreement for Professional Services dated as of January 18, 2018 (the “Original Agreement”) between the GILROY UNIFIED SCHOOL DISTRICT (“District”) and AEDIS ARCHITECTURE, INC. (“Consultant”), which consists of the Original Agreement, the Proposal relating to the Original Agreement, and several Exhibits, the Consultant and the District hereby amend the Original Agreement pursuant to this Amendment No. 4 (the “Amendment,” and together with the Original Agreement, the “Agreement”), by and between the District and the Consultant, as follows:

1. **Compensation.** The amount specified as compensation in Paragraph 4 of the Original Agreement is hereby deleted and replaced with the following amount: $390,225. Payment of the fee shall remain subject to the agreed-upon Compensation specified in the Original Agreement and the rates or schedule of fees specified in Exhibit B thereto.

2. **Services.** The services described in Exhibit A of the Original Agreement are hereby amended. The revised Exhibit A is incorporated herein by this reference.

   The Services described herein do constitute additional services within the meaning of the Original Agreement.

3. **Additional Terms.** The following new provision is hereby added to the Original Agreement:

   **Structural evaluation of core drills at Building F footing.**

4. **Effective Date of Amendment.** This Amendment No. 4 shall be dated and in full force and effect on the date signed by the District, as indicated below.

5. **No Other Changes; Entire Agreement.** All provisions of the Original Agreement not specifically changed herein remain in full force and effect. This Amendment, together with the Original Agreement, constitutes the full agreement and understanding of the Parties with respect to the matters therein and herein contemplated. Further provided that, if any term or provision of this Amendment shall be in conflict with any term or condition of the Original Agreement or any Exhibits thereto, the provisions of this Amendment shall control.

6. **Execution.** The person(s) executing this Amendment on behalf of the Consultant warrants and represents that Consultant has vested authority on such person(s) to execute and deliver this Agreement
and to perform the services contemplated hereunder and that this Agreement is valid and binding on Consultant.

ARC Facilities
Instant Access to Facilities Information

Proposal for:
Paul Nadeau, Director of Facilities Planning & Management
Gilroy Unified School District

Prepared by:
Nick Roth
Regional Sales Manager, ARC Facilities
Mobile: 858-831-8818
Nick.Roth@arcfacilities.com

March 25, 2020
(Proposal valid for 30 days)
**ARC Facilities**

Instant access to building and equipment information anytime and anywhere

The powerful and easy-to-use ARC Facilities App is transforming the way technicians access facilities information to manage the built environment. With instant access to information, teams work faster and smarter, completing more work orders, improving customer service, finding As-Builts, reducing overtime, catching up on PMs and responding faster to emergencies.

The value provided through this powerful app helps facilities teams perform better:

- **Fast** – Interactive maps, powerful search, QR code scanning to find information in seconds.
- **Easy** – Tap, swipe and share through the intuitive interface
- **Mobile** – Access information in seconds while out in the field, anytime.
- **Powerful** – Every As-Built and shutoff organized for quick & easy access.
We are pleased to present this Proposal

What is Being Purchased: The ARC Facilities Platform and Modules, Quick Start Program and Optional Services as listed in the “Fee Table” below.

Description:

ARC Facilities: A platform and configurable modules that provides quick and easy access to building and equipment information from mobile and desktop devices.

- ARC Facilities Platform uses proprietary technology to read the contents of building plans and documents, making information searchable and accessible on mobile and desktop devices. The cloud-based platform is highly secure and scalable, including a native, mobile app and features such as search, interactive maps, forms, pins, tags, mark-ups and collaboration.
- ARC Buildings Module provides quick and easy access to building information including organized as-builts, plans and shutoff locations.
- ARC Equipment Module provides quick and easy access to equipment details while working on or off site.
- ARC Emergency Module provides quick and easy access to critical building, life safety and equipment information during emergencies.

Services:

- Quick Start Program. ARC’s team will implement the Platform and Modules for the square footage specified, including picking-up, scanning, and indexing paper plans; uploading and organizing digital content; photo capture, upload and pinning to map locations for shutoffs, emergency equipment and critical equipment, and User training, as further defined in Exhibit A.
- Services Subscription. ARC’s team will help keep the Client’s content current and accurate on an ongoing basis, including updating of all TIs/Renovations, equipment changes & emergency procedure changes, photo upload and pinning to map locations, content enhancement, forms creation, training and best practices consulting as further defined in Exhibit A.

### Service Subscription

- $7,132

### Single Sign On (SSO)

- included
- included

**Total:** $68,472

**$62,766**

**Year 1:** $4,564 per school campus
**Year 2-3:** $4,184 per school campus

**SOW Term:** 3 Year
**Payment Terms:** Fees are due annually in advance

### Additional Terms:

There are no fees associated with Log-In IDs. Client may have as many as needed at no additional fee.

The SOW Term commences on the last date of signing below, and will automatically renew for additional one-year terms unless written notice is provided at least ninety days prior to the end of the then-current term.
Terms & Conditions

1. By signing this Order Form, you are accepting the terms and conditions that are set forth in the Subscription Agreement available at https://www.arcfacilities.com/contracts/msa/ ("Terms and Conditions") as the Client. If you are signing this Order Form on behalf of an organization, you are agreeing on behalf of that organization. You represent that you have the authority to bind that organization and that your agreement to the Terms and Conditions constitutes the agreement of the organization that you represent.

2. Once signed, this Order Form represents a binding commitment and is not subject to issuance of any further purchase orders, confirmations or other events.

3. Client acknowledges that this Order Form may not be canceled other than in accordance with the Terms and Conditions.

4. This Order Form, together with any additional outstanding Order Forms and the Terms and Conditions, contains the entire agreement between the Client and us regarding the products and services specified in this Order Form. Any prior agreements, and/or communications, whether oral or written, related to the Client’s use of the products and services specified in this Order Form are superseded, except for the term specified in each Order Form, which shall apply to the products and services specified in the applicable Order Form.

Good Morning Gentlemen,

Per our conversation in regard to your diving boards I have attached the Duraflex Refinishing Policy which explains the process of getting a diving board refinished. The current price of the refinish service is $2079.00/ per board not including tax and inbound & outbound freight. The refinish includes:

(1) SF122 Board Bolt Kit
(1) MP112-30-C 30'' Rubber Channel Set (pre-installed)
(1) PM108L Left Corner Piece (pre-installed)
(1) PM108R Right Corner Piece (pre-installed)
(1) PM112 Rubber Grommet (pre-installed)
(1) P167 Calibration Strip (pre-installed)

The current pricing for a new 16' Maxiflex Model B Diving Board is $5048.00/ per board plus tax and freight.

I also have included the 1-meter hardware bolt kit pdf for any additional hardware that may be required.

Thanks,

Joseph Miller

**TOTAL**                         | **297.07** |
Good morning Dan, hope you had a great weekend. Please see the attached proposal for the suggested maintenance program. Also, I wanted to ask if you where interested in allowing us to assist with the maintenance of your second field. I would be able to talk to my GM and see if we can work on the price per visit, if we would service both fields on the same visit to Gilroy.

As for the infill top, we would provide a complementary Rhino Pro visit with this process. This would take care of this year De-compaction necessities. Please feel free to contact me at any time with any questions of concerns. Thank you for your consideration.

Thank you,

Jose Padilla

Watch AstroTurf's new corporate video!
Gilroy Unified School District – Maintain the Game

AstroTurf Corporation is pleased to submit for your consideration the following proposal for this comprehensive synthetic turf maintenance program. All programs are performed by an AstroTurf Certified Field Maintenance Technician to ensure the desired results and customer satisfaction.

Suggested service includes a one-time infill top-off and a maintenance plan that would include one of each Rhino maintenance packages a year, with alternating service levels. Pricing is set out below for each service. Final price may include any other applicable taxes, bonding cost as well as any other unforeseen cost. All pricing is inclusive of prevailing wages.

Maintain the Game RHino Package (1-Day):
- Maintenance & cleaning package
- Disinfectant Application
- Inspection of the field
- Regluing of any failed seams and minor tears
- Reviewal and owner sign off of After Care Service

Synthetic Turf Maintenance Value

$6,000.00 – Single visit

DISCOUNTED PRICE

$5,000.00 – per site, per visit

Maintain the Game Rhino Pro Package (2-Day):
- Maintenance & Cleaning Package
- De-compaction of the field
- Disinfectant application
- Inspection of the field
- Regluing of any failed seams and minor tears
- Reviewal and Sign off of After Care Service

Synthetic Turf Maintenance Value

$8,000.00 – Single visit

DISCOUNTED PRICE

$7,090.00 – per site, per visit

**Customer to be billed the per visit purchase price after each service is performed.
**Discount price only applicable if both maintenance packages are approved to be performed each fiscal school year for a period of a three-year contract agreement.
Infill Top-Off

Adding infill to field
**Includes complimentary Rhino Pro service (see above)**

$22,720.00

Exclusions
- Customer to provide turf and infill materials for repairs
- Unforeseen Soil Conditions
- Providing of Synthetic Turf Material
- Providing any alternative infill that is not specified in the scope above
- Any base repairs or pad repair unless noted on above scope of work
- Any base or drainage work
- Any electrical work
- Any additional asphalt or concrete work not included in scope of work
- Track demolition or track repairs that are not stated in scope above
- Irrigation system repairs or existing damage
- Fence repairs
- Anything not specifically stated above

AstroTurf highly recommends Rhino Maintenance visits to enhance your field’s condition, performance and playability and to extend the life of your synthetic turf field.

It is our pleasure to provide you with this proposal. This pricing is open for acceptance for a period of three months, after which time, if not accepted, it will be null and void.

Thank you for choosing AstroTurf!

Hi Dan,

Thank you for meeting with me on Friday to talk about my concerns in the area around the outside Multipurpose room. As you observed, it is a big safety hazard that impacts our students. I have attached some pictures to this email so you have a visual of the area we are discussing. I can send you more if you would like. Please let me know what would be the best solution for our outside area.

Again, thank you for your time and consideration,

Hilda
