Community Service

Community Service is defined as when a student decides to help or give of his/her time in their community. Community Service hours must be done between the grades of 9th through 12th. Seventy Five hours are highly recommended in order to be recognized at his/her graduation ceremony. These hours are due early May of a student's senior year. Community Service is not defined as any type of internship or clerical/secretarial work. A student must be helping in his/her community in some form or fashion in order to have community service hours approved. Med High recommends non profit and/or any medical setting. Possible locations to do community service hours are listed below:

- Boys and Girls Club •Local hospitals •Habitat for Humanity •Church
