03/19/2020 4:11 PM	Alivia Sil	alivia2001@gmail.com	Findley Elem	Stoller MS	Sunset		Please have entire Findley at Timberland with North Summa. Per the number of Findley kids in summa that is the optimal solution.
03/19/2020 8:27 PM	Aminath Nazhath	nazu03@gmail.com	Rock Creek Elem	Stoller MS	Westview		Please keep Rock Creek north of West Union at Stoller in accordance with map C2.0. We are closer to Stoller than many parts of Springville or Sato.If we are moved we must move with Bethany and Oak Hills wherever they go (I prefer Meadow, but could be anywhere).Please don't put any additional burden beyond options above on us since we are doing our share already whereas everybody at Stoller either stays or is relocated to another superschool (Timberland).
03/19/2020 8:47 PM	Andrew Moen	Andrew11395@gmail.com	Cooper Mountain Elem	Highland Park MS			In the March 12th meeting, the committee voted to change the feeder pattern for Cooper Mountain after almost no discussion (11 minutes) with the only committee members that spoke stating that a change is not necessary. There was no mention to how this change aligned to the 4 objectives or the factors of the Policy JC provided by the district to guide the committee. There was not discussion because a change to Cooper Mountain does not help meet any of the objectives or support any of the Policy JC factors. Please consider the objectives and the factors provided before making boundary recommendations. Revote to keep Cooper Mountain feeding Highland Park.
03/19/2020 8:55 PM	Andrew Moen	Andrew11395@gmail.com	Cooper Mountain Elem	Highland Park MS			Throughout this entire process, I have heard in many meetings, the committee discuss walkability, transportation costs/impacts, and community as factors they used to recommend boundaries for the northern schools. The discussion was heavily influenced by public written comments. In the March 12 meeting, the committee vote did not acknowledge the significant number of comments from Cooper Mountain families. Some of the committee members disregarded our community voice and desire for no change. The voted for a change that would reduce walkability for Chehalem and increase transportation costs by \$50K for the district. I respectively request the committee revote and preserve the Cooper Mountain to Highland Park feeder pattern.
03/19/2020 9:06 PM	Andrew Moen	Andrew11395@gmail.com	Cooper Mountain Elem	Highland Park MS			In the March 12th meeting the committee stated that they did not make free and reduce lunch leveling a priority when developing boundaries at Timberland and Stoller. Please be consistent and not make it the only factor considered when developing the Copper Mountain feeder pattern. Reconsider all of the factors and your recommendation. Keep Cooper Mountain feeding Highland Park.
03/19/2020 11:39 PM	Anil K Sreeramsetty	anilkumar246@yahoo.com	Oak Hills Elem				Dear Committee,1. There's a clear misunderstanding as to where Barnes ES kids will be attending High School due to their Dual Language Program. If they enter the DL program, their families make a contractual agreement to attend through 12th grade which would lead them to Beaverton High School. Anyone that opts out of this program at Barnes ES is then assigned to William Walker which feeds to Cedar Park and then BHS. With this in mind, Barnes cannot be considered a clear feeder to SHS. This is why Oak Hills East should attend middle school with Terra Linda and West Oak Hills should attend middle school with Bethany to stay in line with Objective 4 which is to establish clear feeders.2. Barnes Dual Language students are not part of the Sunset feeding community. Barnes will soon be 100% Dual Language and their kids are in separate classes in middle school. It's not that we're snooty, it's that we just don't know them. Their kids are kept completely separate. BSD has created this program and this division, it has nothing to do with the Oak Hills kids not socializing with them. Just like they have done with Summa, the district needs to quantify the number of dual language students and remove their numbers from the Sunset-feeding numbers. 3. As Oak Hills East identifies with the Cedar Mill community, it would be best to attend Timberland for middle school. As Oak Hills West identifies with the Westview community, they should remain at Westview and attend middle school with Bethany. 4. By establishing clean feeders it also supports walkability to our respective high schools. All of Oak Hills East is included in the 2 mile walkability radius of Sunset. Part of Oak Hills West lies within the 2 mile walkability radius of Westview. If Westview truly needs to unload students, please move students from schools that are already being bussed in order to save the precious transportation dollars of BSD. For example, to increase the number of Sunset-feeding kids at Stoller, all of Jacob Wismer should attend Sunset. 5. We have had several Town Hall meetings (some attended by school board members) in our homes, the school, and the community center of Oak Hills. We are united in our message to split before middle school. One dissenting voice with no affected child at a school board meeting does not represent our unified recommendation. 6. Oak Hills does not want to become the "fix-it" school to help FRL numbers at any one school. BSD has the responsibility to end the isolation of Oak Hills East kids and create a clear feeder to Sunset in this process. 7. Oak Hills East is a neglected pocket of the district. We don't have a loud voice like other schools in the North, and we're not enough kids to be really concerned aboutaccording to statements that have been made by district personnel. PLEASE ASSIGN OAK HILLS SUNSET BOUND TO TIMBERLAND ALONG WITH TERRALINDA COMMUNITY.Thanks,Anil

03/19/2020 7:02 AM	Arta Montero	arta.pecaj@gmail.com	Rock Creek Elem	Stoller MS	Westview	Please keep Rock Creek north of West Union at Stoller in accordance with map C2.0. We are closer to Stoller than many parts of Springville or Sato.Any part of Rock Creek that moves must move with Bethany and Oak Hills wherever they go (I prefer Meadow, but could be anywhere).Please don't put any additional burden beyond options above on us since we are doing our share already whereas everybody at Stoller either stays or is relocated to another superschool (Timberland).
03/19/2020 8:35 PM	Baoyan Liang	Liang.b.y1974@gmail.com	Rock Creek Elem	Stoller MS	Westview	Please keep Rock Creek north of West Union at Stoller in accordance with map C2.0. We are closer to Stoller than many parts of Springville or Sato.If we are moved we must move with Bethany and Oak Hills wherever they go (I prefer Meadow, but could be anywhere).Please don't put any additional burden beyond options above on us since we are doing our share already whereas everybody at Stoller either stays or is relocated to another superschool (Timberland).
03/19/2020 9:46 PM	David Lee	ralliant_kei@hotmail.com	Springville K-8	Stoller MS	Westview	Springville K-8 Dear committee good to see the committee is considering keeping Springville Sato and JW at Stoller, the 64 million bond investment is finally meeting its single most objective to relief overcrowding at Stoller while offering unprecedented top education to Beaverton school district well deserved for great school like Findlay and Terra Linda elementary. Most importantly, most existing neighborhoods are not disrupted by the Mar12 map and a lot of Springville parents like myself hope this will be the final decision to the superintendent. Please be sympathetic to Springville to keep us in Stoller for the sake of not splitting up closely knitted communities especially since BSD decided to removed our Springville K to 8 middle school.
03/19/2020 9:30 AM	Diwakar A	diw.agarwal@gmail.com	Findley Elem	Stoller MS	Sunset	I am a Findley parent and I have a comment/request to advisory Committee and BSD,It seems irresponsible on the part of BSD and Advisory committee to shift the summa decision to TLD. a. Summa program location affects the population at the school. It just does not make any sense to make it someone else's job. b. 2 out of 5 Findley kids attend Summa. Adding uncertainty about the program and trying to decide on the boundary is great disservice to a large community of kids attending Summa as it can make a significant impact to kids schedule and affect the feasibility of attending Summa. Proposals to address Summa while meeting committee objectives that I seems reasonable to me:1. Move East Oak Hills to Stoller MS MOVE Stoller SUMMA to Timberland MS to create one FULL SUMMA Program2. Move Oak Hills Unsplit and Terra Linda to Meadow Park MS Move Stoller SUMMA Program to Timberland MSRegards.
03/19/2020 4:13 PM	Dwaipayana Sil	sdwaipayana@gmail.com	Findley Elem	Stoller MS	Sunset	BSD should sincerely work to have entire findley at Timberland with North Summa. Teaching and Learning will finally make the decision about Summa location. But capacity building is within BSD's scope of work, hence BSD should work on it.
03/19/2020 8:43 PM	Ehoy Lawless Lewerenz	lawlesse1@hotmail.com	Rock Creek Elem	Stoller MS	Westview	Please keep Rock Creek north of West Union at Stoller in accordance with map C2.0. We are closer to Stoller than many parts of Springville or Sato.If we are moved we must move with Bethany and Oak Hills wherever they go (I prefer Meadow, but could be anywhere).Please don't put any additional burden beyond options above on us since we are doing our share already whereas everybody at Stoller either stays or is relocated to another superschool (Timberland).
03/19/2020 7:02 AM	Gabriel Montero	gabe.montero@gmail.com	Rock Creek Elem	Stoller MS	Westview	Please keep Rock Creek north of West Union at Stoller in accordance with map C2.0. 03/19/2020 8:28 PM	Gregory Lawless	lawlessgf@hotmail.com	Rock Creek Elem	Stoller MS	Westview	Please keep Rock Creek north of West Union at Stoller in accordance with map C2.0. We are closer to Stoller than many parts of Springville or Sato.If we are moved we must move with Bethany and Oak Hills wherever they go (I prefer Meadow, but could be anywhere).Please don't put any additional burden beyond options above on us since we are doing our share already whereas everybody at Stoller either stays or is relocated to another superschool (Timberland).
03/19/2020 4:51 PM	Haddy El-Mansy	elmansym@gmail.com	Cooper Mountain Elem			Referencing the March 12 Materials1 Swapping Cooper Mountain with Chehalem students would increase the Mountain View population by 113 students. Increasing student numbers is not a proposed solution under the plan for the Student Success Act. 2 Mountain View would feed to Aloha HS and Mountainside HS, WITH ALL OF THE MOUNTAINSIDE BOUND STUDENTS NOW FEEDING ONLY FROM COOPER MOUNTAIN ES. Capitalization mine. 3 The swap would increase transportation costs by a whopping \$50,000 to add two new bus routes with an additional 103 students will be bussed. Chehalem West loses the capacity to walk to school under the new boundary change. These projections are antithetical to the committee's objectives. Vote NO on Cooper Mountain ES changes.

03/19/2020 8:38 PM	Haoquan Zhang	Liang.b.y1974@gmail.com	Rock Creek Elem	Stoller MS	Westview	Please keep Rock Creek north of West Union at Stoller in accordance with map C2.0. We are closer to Stoller than many parts of Springville or Sato.If we are moved we must move with Bethany and Oak Hills wherever they go (I prefer Meadow, but could be anywhere).Please don[?]t put any additional burden beyond options above on us since we are doing our share already whereas everybody at Stoller either stays or is relocated to another superschool (Timberland).
03/19/2020 11:49 AM	Jennifer Hoffman	krh0923@msn.com	Cooper Mountain Elem	Highland Park MS	Mountainside	Please continue to have Cooper Mountain feed to Highland, as changing the boundary would disrupt 80% of the families at Cooper Mountain. There are other ways of trying to create equity if that is an objective without disrupting so many families. I've read through the district's Student Success Act plan and how it plans to use the money and it seems that so much of it will help with equity. Also, the Middle School Common Experience will also have a direct and positive effect for all. Thank you for all your work, especially during these extremely stressful and scary times.
03/19/2020 8:54 AM	Jeremy Johnson	doublej13@att.net	Rock Creek Elem			The students of Rock Creek Elementary deserve to be sent to a middle school that also has some of their neighbors in attendance. Rock Creek Elementary kids have after school activities and go to church and play with kids from Bethany Elementary, Springville, Oak Hills Elementary and Sato Elementary. Regardless of which Middle School, we need to send two other neighboring elementary schools with Rock Creek Elementary.
03/19/2020 7:35 AM	Kelly S	ksestero@hotmail.com	Cooper Mountain Elem			I would like to ask that the committee consider re-voting on the MVMS Boundary. It was done without discussion of the concerns of parents from the comments and two committee members voted to both keep Cooper Mountain feeder patterns and to move 70% of the school. Please keep CM as it is. Do not vote to add busses, reduce walkability for Chehalem students, and disrupt HS feeder patterns and communities. This decision goes against your stated goals.
03/19/2020 8:39 PM	Kexin Zhang	484888@bsd48.com	Rock Creek Elem	Stoller MS	Westview	Please keep Rock Creek north of West Union at Stoller in accordance with map C2.0. We are closer to Stoller than many parts of Springville or Sato.If we are moved we must move with Bethany and Oak Hills wherever they go (I prefer Meadow, but could be anywhere).Please don[?]t put any additional burden beyond options above on us since we are doing our share already whereas everybody at Stoller either stays or is relocated to another superschool (Timberland).
03/19/2020 8:29 PM	Khamouane Lawless	lawlessgf@hotmail.com	Rock Creek Elem	Stoller MS	Westview	Please keep Rock Creek north of West Union at Stoller in accordance with map C2.0. We are closer to Stoller than many parts of Springville or Sato.If we are moved we must move with Bethany and Oak Hills wherever they go (I prefer Meadow, but could be anywhere).Please don[?]t put any additional burden beyond options above on us since we are doing our share already whereas everybody at Stoller either stays or is relocated to another superschool (Timberland).
03/19/2020 5:49 PM	Kim	andrewandkim@comcast.net	Cooper Mountain Elem	Highland Park MS	Mountainside	Disruption to families, students, and communities can have a negative impact on students[?] emotional, behavioral, and educational success. Don[?]t make unnecessary changes that are not aligned with the objectives for this process. Keep the best interests of the students in mind and keep Cooper Mountain feeding to Highland Park.
03/19/2020 5:39 PM	Kim Moen	kim.moen@yahoo.com	Cooper Mountain Elem	Highland Park MS	Mountainside	During the 11 minutes that were given to discuss the boundaries affecting Cooper Mountain at the last meeting, there was no mention of the increased \$50K of transportation costs, elimination of walkability for Chehalem students, or impact to feeder patterns. I understand that it was a long meeting near the end of a long process, but I feel that the committee made a quick decision not fully understanding all the implications or considering the full community input. Please keep Cooper Mountain feeding to Highland Park.
03/19/2020 6:13 PM	Kim Moen	kim.moen@yahoo.com	Cooper Mountain Elem	Highland Park MS	Mountainside	At the last meeting, the committee voted for a change affecting Cooper Mountain in order to make a small reduction in the free and reduced lunch (FRL) percentage at Mountain View. The 3/12 map had a 47% FRL number at Mountain View which was lower than two other schools in the district and lower than the 50% FRL at Whitford that the committee already approved. There was no discussion or explanation from the committee on why they deemed Mountain View[?]s FRL unacceptable, but had previously approved boundaries with higher values. Please don[?]t make changes without consistent and just reasoning. Keep Cooper Mountain feeding to Highland Park.
03/19/2020 2:59 PM	lily	Lily63@gmail.com	Springville K-8	Stoller MS	Westview	Dear BSD Thank you for voting for Stoller to be Sato, Springville and Jacob Wismer. This is a well balanced Combination with 84% permanent capacity in 2021 and 101% permanent capacity in 2025. This gets us to our objective.SUMMA is a teaching and learning decision and we respect that they would decide where would summa go based on capacity and other factors. Please prioritize regular education over an options program.Hope you continue to support and help Springville. Springville is part of Bethany. Children need fair and reasonable time. Thank you

03/19/2020 9:00 AM	Rajesh Kumar Thakur	rktthakur@yahoo.com	Rock Creek Elem	Stoller MS	Westview	I support the latest map in which Rock Creek, Bethany, and Oak Hills (Westview) all go to middle school together at either Five Oaks or Meadow Park. While this map does not fully address the FRL at the middle schools, it is impossible to do so without completely revisiting every decision made so far including the population of Stoller. There are real equity issues in Beaverton and I encourage the district to take a comprehensive look at them in the future. But breaking up a small part of the community to fix them in one or two middle schools is neither fair or equitable.
03/19/2020 8:31 PM	Richard Klafka	pdxthree@comcast.net	Rock Creek Elem	Stoller MS	Westview	Please keep Rock Creek north of West Union at Stoller in accordance with map C2.0. We are closer to Stoller than many parts of Springville or Sato.If we are moved we must move with Bethany and Oak Hills wherever they go (I prefer Meadow, but could be anywhere).Please don[?]t put any additional burden beyond options above on us since we are doing our share already whereas everybody at Stoller either stays or is relocated to another superschool (Timberland).
03/19/2020 3:36 PM	Sally Badawi	sally.badawi@gmail.com	Cooper Mountain Elem			In April 2019 recent report regarding Elmonica, Beaver Acres & McKinley Elementary Boundary Adjustment Decision, in response to a comment the district stated, "The District does not undertake boundary adjustments except when necessary, and this became the case following several years of growth and overcrowding at Elmonica." In another response to transportation costs, they said, "The proposed boundary adjustment will likely increase transportation costs, but the District must weigh those costs against the burdens of overcrowding at Elmonica." If we use JUST LAST YEAR'S explanation of boundary adjustments, much like case law, then these situations do not apply here. Mountain View is not overcrowded. The transportation cost does not work to improvement in class size. In fact, by adding 103 students to Mountain View, this boundary adjustment would increase class numbers. Please consider this most recent decision regarding boundary adjustments and refer to the committee's stated objectives within this context.

03/19/2020 11:44 PM	Subhashini Sreeramsetty	s_subhashini123@yahoo.com	Oak Hills Elem			<p>Dear Committee Members, I was so upset watching the last meeting because I am wondering if you have read any of the letters from Oak Hills at all? There were 2 specific instances in which a question came up about our community that clearly stumped all of you. Nobody had an answer and several members had to sift through emails to come up with a vague response to the question. That didn't happen with any other schools. Everyone knew various details and could expound on them without wondering why or having to search through emails on their laptop or phone. Please establish clear feeders for Oak Hills. The majority of us would prefer to maintain the split, but request this take place before Middle School and not High School. To assume we should know and be friends with Barnes kids at Meadow Park shows lack of understanding on how the Dual Language program works. Oak Hills kids at Meadow Park do not have many opportunities to associate with Barnes kids as many of them are involved in the dual language program and the classes do not intersect. Oak Hills East would prefer to be at Timberland, a clean feeder to SHS. Respectively, Oak Hills West would prefer to attend middle school with other Westview bound students. You have approved this by a majority in the March 12th meeting. Please adhere to that. Oak Hills is uniquely equidistant between 2 high schools giving the majority of our students the chance to walk to school. By leaving us in our respective High Schools, the district saves money on transportation dollars in the long range. If Westview needs to unload students, it would be advisable to pull from Jacob Wismer whose kids are bussed to high school every day and are too far to walk to either HS. Lastly, thank you for giving our community a chance to draw closer together as a community through this entire process as we have held numerous Town Hall Meetings, School Meetings, and Home Meetings, all of which leave us unified in saying... maintain the split and create clear feeders to High School! One dissenting voice at the March 9th school board meeting misrepresents our unified recommendation. We want to maintain the split!!! Send Oak Hills East to Timberland with Terra Linda and Oak Hills West to Middle School with Bethany at either Meadow Park or Five Oaks. Do not make Oak Hills the "fix-it" school to help fix the FRL numbers at any one school. Oak Hills East was given the short end of the stick during the High School boundaries, BSD has the responsibility to end the isolation of Oak Hills East kids during this boundary process. Don't leave us as the neglected pocket of the district. Thank you for your time and effort in this process. if we say that if we HAVE to go to Meadow Park, that Findley should go with us because they'd be great for balancing FRL numbers and they'd all have to get on a bus to go to Timberland anyway.PLEASE ASSIGN OAK HILL SUNSET BOUND TO TIMBERLAND.-Anil</p>
