

ST. MARY'S
EPISCOPAL SCHOOL
— SINCE 1847 —

We are *For Girls*.

St. Mary's is the oldest independent school in Tennessee. It is one of only 10 Episcopal schools for girls in the country and the only one in Memphis. Since 1847, every teacher, every lesson, every resource at St. Mary's has been dedicated to girls and how they learn best. In our all-girl environment:

WE KNOW HOW GIRLS LEARN. Because girls develop verbal skills earlier than boys, we capitalize on their natural propensity for reading and language. Our teachers are committed to teaching girls to express themselves freely and frequently, develop critical thinking skills, and grasp the relevance of what they are learning.

WE ENCOURAGE GIRLS IN SCIENCE, TECHNOLOGY, ENGINEERING & MATH (STEM). At St. Mary's, there are no stereotypes about what girls study or where they succeed. We begin coding instruction in kindergarten, have a comprehensive robotics program in Lower School, and offer computer science and engineering courses in Upper School. We prepare girls for STEM majors and careers where females have been historically underrepresented.

OUR GIRLS ARE CONFIDENT. In our close-knit community, each girl's individuality is nurtured and encouraged. As a result, she grows more comfortable taking risks and understands that mistakes offer opportunities for growth. She becomes accustomed to speaking up and, more importantly, being heard.

WE ALLOW GIRLS TO BE THEMSELVES. Our students feel safe expressing themselves and engaging in an open and honest exchange of ideas. Each girl is able to recognize her talents and strengths so that she may pursue her interests, discover new opportunities, and reach her individual potential.

WE ARE A COMMUNITY. Our inclusive community values collaboration over competition and encourages spiritual growth and service to others. We all work together to create an environment where extraordinary learning connects the heart and the mind—where curiosity, compassion, and confidence are the norm.

WE MENTOR GIRLS. Our students are mentored by peers, teachers, school administrators, and alumnae. We know each and every girl, her interests, how she learns, and what motivates her to excel. Students and faculty enjoy relationships based on trust, and they encourage each other through challenges and celebrate one another's accomplishments.

OUR GIRLS DEVELOP LEADERSHIP SKILLS FOR THE REAL WORLD. From Class President to Newspaper Editor to Team Captain, our girls are in charge. They find and use their voices, in the classroom, on the field, on the stage, and in the community. They develop integrity, confidence, resilience, and humor, enabling them to take leadership positions in colleges and universities and in the world beyond.

St. Mary's develops girls and young women of integrity, compassion, and confidence who excel not only in academics, but also in athletics, the arts, community service, and leadership.
