PUBLIC SECTION

Public will be muted both in audio and video except for the two public sections of the meeting. Those who wish to speak should send me, Matt Bouldin, the Board Secretary a message with your name. I will then unmute you in order and call you out by your name which you sent me via messaging function. You will see chat function in bottom Zoom toolbar. There will be no public chat room available. Once we have heard from public speakers, we will unmute ALL participants. I will then ask if anyone has any public comment? Once we go through this, we will then MUTE all participants once again except for Board/Admin. This will be repeated at final public section.

Public comment will still be monitored for 3 min per public member.
