Engaging Children

The community of St. Mark's Episcopal School celebrates the uniqueness of each child. We are stewards of our students' intellectual curiosity, faith, and passion for discovery. We cultivate joy, playfulness, and growth in a child-centered environment.

- St. Mark's Mission Statement

Susan Meeks, Preschool 2s Teacher

I love that St. Mark's is such a cheerful and welcoming environment. I'll never forget how welcome everyone made me feel as a new member of the St. Mark's family. I'll always be grateful for the support and kindness during Harvey as the St. Mark's family assisted me in repairing my home. I see our mission in action as we are always looking for ways to improve the well-being of our students. Everyone here at St. Mark's takes great pride in the emotional development of our students. I always see my peers supporting each other and the entire St. Mark's community. The Preschool 2s have so much joy as they experience school for the first time. I treasure working with families and getting to know them. I am delighted to work with children as they develop skills with art and storytelling. I have learned that the whole child Nurtured Heart approach is super important to children feeling safe and secure at school. We work very hard to meet the emotional needs of our youngest members of St. Mark's.
