

Elementary Art

Pre-K through Second Grade eLearning Guide- Week 3

- Students will explore shape.
- Students will learn to fill up the space of the paper surface.
- Students will learn to overlap shapes and recognize that new shapes are created when two shapes are overlapped.
- Student will recognize and use the primary and secondary colors.

Note: Tasks are not intended to be graded. This work is to support understanding of the subject area.

For Students- Explore Shapes and Colors

Task 1- Trace a simple object like a popsicle stick, spoon, or another simple object on paper using a pencil 10 or more times. Fill up the paper and let the traced objects overlap each other. Color in all the shapes using only the colors red, yellow, or blue.

Task 2- Using only a square, triangle, or circle draw these shapes all over the paper. Create different sizes of the shapes. Be sure to overlap and let your shapes touch the edges of the paper. Color in all the shapes using only the colors green, orange, and violet.

Direct Observation- “Draw what you see”

Task 3- Draw your lunch. Visit Kennedy Center Education Artist-in-Residence at Home

<https://www.youtube.com/watch?v=MjaYnyCJDdU> to watch a video if you can.

Additional Resources

Looking for more Art Ideas?

1. Using an online site, have another family member, or read on your own a Children’s Story Book. You can use a book at home or there are several sites such as “*Storyline Online*” <https://www.storylineonline.net/>, <http://www.magickeys.com/books/>, and *Oxford Owl* <https://www.oxfordowl.co.uk/for-home/find-a-book/library-page/> to list a few. Draw a picture, which captures what the book means to you. You may use any art materials you have on hand to complete your idea.
2. Using one of the following online sites, (*100 crazy cool drawing ideas for kids*, <https://craftwhack.com/100-crazy-cool-drawing-ideas-for-kids/> or Education.com <https://www.education.com/activity/painting-drawing/> to complete one art project this week.
3. Explore the Metropolitan Museum of Art: Explore the museum, hop in a time machine, and watch videos about famous artists. <https://www.metmuseum.org/art/online-features/metkids/>
