

Elementary Art

3rd through 5th Grade eLearning Guide- Week 3

- Students will explore shape.
- Students will learn to fill up the space of the paper surface.
- Students will learn to overlap shapes and recognize that new shapes are created when two shapes are overlapped.
- Student will recognize and use the primary and secondary colors.

Note: Tasks are not intended to be graded. This work is to support understanding of the subject area. Use whatever art materials you have on hand.

Explore Shapes and Colors

Task 1- Trace a simple object like a popsicle stick, spoon, or another simple object on paper using a pencil 10 or more times. Fill up the paper and let the traced objects overlap each other. Color in all the shapes using only the colors red, yellow, or blue.

Create

Task 2- There are Millions of fish in the sea! Create your own type of fish! Give it a name and create a home in the sea for your new type of fish!

Direct Observation- “Draw what you see”

Task 3- Draw Everyday with JJK. Illustrator of the Lunch Lady books gives a daily drawing lesson.
