

ROSEBURG EXTRA/CO-CURRICULAR

1. Purpose of the Code of Conduct

Our extra-curricular programs provide important opportunities for students to pursue interests and develop worthwhile skills beyond the classroom. Extra-curricular participations promote the development of a wide range of intellectual, physical, and social skills within a team or group contest. *Participation in extra-curricular activities is a privilege granted to students who have demonstrated a commitment to meeting the academic and behavioral standards of the school district. This privilege is offered to students willing to comply with school rules and the rules set forth in this code of conduct.* Students participating in extra-curricular activities are expected to exemplify high standards of moral conduct and to serve as role models and representatives of our school district and community.
