

Day 1

Test your drawing materials by trying the techniques below

Experiment with different kinds of dots

Try cross-hatching to shade in a shape

Press lightly with different writing tools

Now try pressing hard with the same tools

Draw a series of skinny lines

Now draw some bold lines

How can you use scribbles in interesting ways?

Try drawing geometric shapes. Do you know any 3D shapes?

Design a pattern with lines, dashes, and dots

Draw a curvy shape. What does it look like?

Which of your writing tools can you use to create a smudge effect? Test them out.

Test out different handwriting by writing your name several different ways.

How many different ways do you know how to make a star? Try to make stars with different numbers of point.

Create curly loops in a few different sizes.

Can you use shading to create a shadow?

What are shapes you can find in nature?
