

Day 3, Task 1

Your Data:

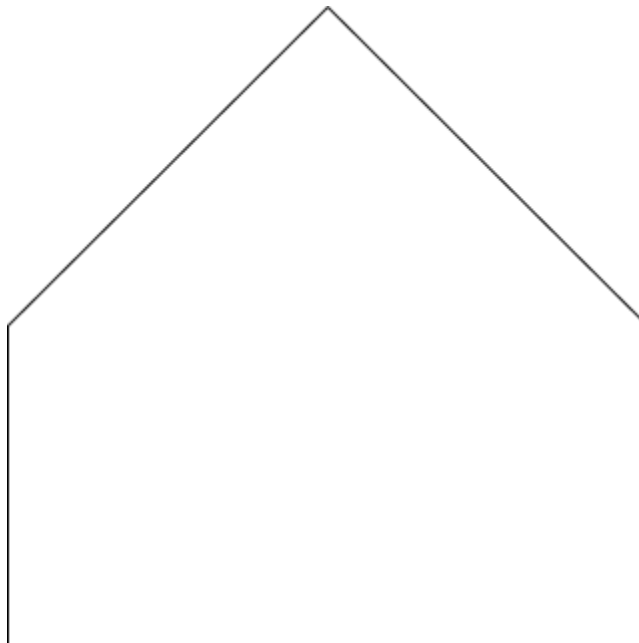

I have _____ people in my family (you decide who to include - parents, siblings, children, grandparents, aunts, uncles, cousins, pets).

Of these family members I counted above, _____ live with me, and _____ live somewhere else.

_____ of my family members are younger than me, and _____ of my family members are older than me.

Drawing Rules:

- 1) You will draw symbols to represent your family members. Decide which symbol you will use to represent people who are older than you and draw it here:
- 2) Decide which symbol to use for people who are younger than you and draw it here:
- 3) Using the symbols you created above, place the people you live with inside the house, and those who live elsewhere outside of the house.

Day 3, Task 2

Drawing Variability

You can create drawing rules to help you represent data of any size. Let's explore this by following the drawing rules for the remaining numbers below. The first one is completed for you.

As the value
increases...
