

Christ the King School

April 2020 Newsletter

As we journey through Lent and approach Holy Week, our Lenten goals for prayer, fasting, and almsgiving have certainly changed. We are all praying fervently for an end to this pandemic. Our fasting now includes fasting from public Masses and even from receiving the Eucharist. On a more trivial level, our fasting includes fasting from social interaction and from activities and events we all enjoy. Our almsgiving includes reaching out to those around us and trying to provide assistance in any way we can. Our students are experiencing the most difficult trial they have collectively had to face in their lives. We, together with you, feel terribly inadequate in our attempts to fill the void. We long for a return to normalcy. But, we are strong and resilient. We have our faith to carry us through when we feel we cannot continue

Our teachers are working hard to deliver a quality product to your students under extraordinary circumstances. We continue to reach out daily to all students and families. We will continue to reach out to you throughout the month of April with weekly video updates, emails and more. This newsletter looks a bit different than usual, but it does contain important updates related to upcoming events.
