Assignment 5:

Aladdin Prop List

A property or prop is anything that can be picked-up/handled on stage for a play, musical, dance, etc.

Scenery walls are not props, but the picture frames hanging on that walls are props.

Sometime props and costumes have some overlaps i.e. Cane, glasses, purses.

For this week please look back at the entire Aladdin script and create a prop list for each scene. Only **three** props are needed **per scene** for the activity. In reality, a prop designer might have an upwards of 10, 20, 100 props for any given scene. Props **cannot** be duplicated from scene to scene. If a loaf of bread is in scene 1 it cannot be in any other scene (choose or imagine a different prop).

Steps for the assignment:

- 1) Watch this short video about a prop director at Center Theatre Group : [Prop Director](#)
- 2) View the "Aladdin prop list form" below.
- 3) Re-read the script to start compiling the prop list.
- 4) Submit the completed prop list form for grading.
