Watch the provided video about hatching and cross-hatching. We will draw a composition of overlapping pipes. (create your own design) –A Pipe City! You are encouraged to draw shadows where the pipes overlap, casting a shadow on the pipe/s beneath. Visual aids and other resources provided on TEAMS.

### Step by Step Instructions:

1. Watch the Video below, by Artist A. Dunn.
2. On a piece of copy paper, draw 4 connector pieces (labeled on the Plumbing print-out).
3. Add pipes onto your connector pieces. Fill the space of the page. Remember to have pipes overlapping, and most importantly, add shadows by hatching or cross-hatching. Your “Pipe City” should be unique and show a mastery of gradient value, as well as spatial reasoning.
