

April 3, 2020

Dear parents/guardians, students and staff,

The health and well-being of Resurrection students, faculty, and staff are of the utmost importance to us. We continue to follow the news regarding the COVID-19 Coronavirus outbreak as well as the guidance provided to schools by the Centers for Disease Control (CDC) and the Illinois Department of Public Health (IDPH). During these uncertain times, we pray for the health and safety of your families.

The Resurrection College Prep High School campus remains closed until further notice. As previously communicated, **e-learning days will continue through Thursday, April 30, 2020**. All activities and events, including athletic practices and games, also continue to be canceled through Thursday, April 30, 2020, and/or until further notice.

We strongly encourage all students to remain at home and practice responsible social distancing, and we hold in prayer all of the members of our community who are working on the frontlines of the coronavirus crisis. Teachers and students are doing an amazing job transitioning to e-learning. We have been so impressed by the creativity and flexibility that has been demonstrated as we transitioned to this platform and navigate in this crisis environment.

April 2020 E-Learning Updates

Classes will continue to utilize the daily e-learning schedule [HERE](#) with the two modifications, mentioned in detail below, based upon feedback from students and faculty. We will continue to follow all logistic processes (i.e. attendance, Schoology pages, etc.) currently in use.

The schedule for April 2020 E-Learning is available [HERE](#).

Pink Day Student/Teacher Check-in Days:

On Pink Days (Wednesdays 4/22 and 4/29) one-on-one meetings may be scheduled between students and teachers. During these days, students must be available to meet with faculty via ZOOM or their Schoology Backchannel Chats/Conferences during the time their class is scheduled to meet (which is the same time as previously communicated). Please note that Wednesday 4/15 is not a Pink Day and will follow a White Day schedule. Teachers will not provide additional work to be done on these days.

7th Period:

7th period* will meet on select days, including 4/6, 4/14, 4/16, 4/20. 4/21, 4/24, 4/27, 4/28, 5/1

General Daily Expectations

As we continue utilizing our e-learning system, we want to stress the following items as a means to make certain all of our stakeholders are aware of expectations.

1. During e-learning, students should be engaged in specific learning activities each day, including assignments, live sessions, group work, or assessments. Pink Days will be utilized for one-on-one student/teacher check-ins.
2. Faculty will use Pink Days to do class check-ins with students. Students must be available during Pink Days to communicate with their teachers.
3. Teachers may need students to be available to connect via Zoom, or Schoology, during the time of the scheduled class on Red/White days. If this is the case, faculty will notify students 24 hours in advance.
4. E-learning platforms continue to adjust to the rapid increase in online and streaming traffic. In the event that Schoology is down or is suffering performance issues, which will happen from time to time, faculty will use one of the many other resources at their disposal (i.e. email, google drive, etc.). If faculty decide to shift the learning plan to another platform, they will EMAIL students to notify them as such.
5. Students are expected to submit their workload document to their seminar teachers each day by 9:05 a.m. These submissions are used to document attendance. If students encounter difficulty in Schoology, students may submit the answers to the workload document through an email to their seminar teachers.
6. If any circumstances prevent a student from attending sessions with her teachers or completing the workload document or assignments on any given day, the student's parent should email elarning@reshs.org to notify us and verify their daughter's absence.

Looking Forward

As a school community, we are committed to the educational, social and emotional needs of our students and we are working to ensure that student social events or other milestone events are celebrated in some way. We are exploring how events may be rescheduled or celebrated in other ways and will keep you posted as we have more information.

Student Events

As communicated earlier this week, we are postponing the Junior Prom until a later date. Dr. P will work with Ms. Montanille and the Junior class officers to establish a new date, most likely summer or fall, for the event to take place. We are still uncertain about Senior Prom, Honors Convocation, and Graduation. We will have a decision on Prom in the coming week, as we are still working with our venue. Graduation and the Honors Convocation **will take place**, but the date, time, and location may change. We hope to have a more definitive idea of the logistics within the coming weeks.

Athletics

As noted, **athletic practices, games and events also continue to be canceled through April 30, 2020, and/or until further notice.** The Illinois High School Association (IHSA) has issued a statement stating that if and when spring sports return there will be a "practice only" period before competitive events resume. The IHSA does not know how long that practice only period would be. Also, if and when athletics resume, the IHSA is looking at possibly pushing back state tournaments to allow for a longer season. However, at this point, the IHSA is unable to guarantee anything in terms of the spring season. See updates from IHSA [HERE](#).

Summer Athletic Camps

Unfortunately, the decision has been made to cancel Summer Athletic Camps for current students and incoming freshmen. Summer leagues for current Resurrection teams may still occur and information will be shared if and when details become available from facilities that typically host summer leagues. Athletic

camps for girls in grades 5 to 8 are being rescheduled for the fall. Details will be shared when they are finalized.
