

### **What is FlipGrid?...**

Flipgrid is a website that allows teachers to create "grids" to facilitate video discussions. Each grid is like a message board where teachers can pose questions, called "topics," and their students can post video responses that appear in a tiled grid display. Grids can be shared with classes, small groups, or any collection of users interested in a common strand of questions. Each grid can hold an unlimited number of topics and each topic can hold an unlimited number of responses. Topics can be text-based or include a resource such as an image, video, Giphy, emoji, or attachment. Customizable security settings help protect student privacy.

Students can respond via the Flipgrid app or website with any camera-enabled device or by uploading a previously recorded video. Responses can be 15 seconds to five minutes, and a maximum recording time can be set. Teachers can also allow students to record replies to classmates' responses. There are a variety of moderation features teachers can turn on or off per topic. The CoPilot feature allows more than one teacher to be a grid moderator. Teachers have access to a help center and two active teacher communities: Disco Library for sharing grid templates and GridPals for connecting with educators and classrooms around the world.

### **FlipGrid Tutorial For Students**

Here is a tutorial for students to use FlipGrid.

A Gmail account will be necessary to access the site.

<https://vimeo.com/398016659>

Login in to Flipgrid using your **Rumsey email address**. Follow any other necessary steps for the creation of your account.

1. To record your response, click the "Record a Response" icon found below the prompt. It is a green circle with a white cross in the middle.
2. Flipgrid includes many other recording features, such as filters and drawings. Please
3. Please also view the example response that I posted on this page.

### **Expectations of Appropriate Use**

As you would on any other platform, you are expected to follow all guidelines of Rumsey Hall's [Acceptable Use Policy](#) when working with Flipgrid.

This most notably includes:

1. You may **NOT** download, screenshot or repost any content from the class Flipgrid to another platform.
2. You may **NOT** use profane language, gestures, images, or any other offensive content in your video presentations.
3. You must demonstrate respect for the work and identities of your classmates at all times.
