

MAGNUS HEALTH SMR INFORMATION

Misericordia University utilizes the services of **Magnus Health SMR (Student Medical Record)** for the collection of the required health forms. As this is a web-based system, you will have continuous access to your medical records as well as the ability to make updates when needed. The system will send automatic reminders to assist with timely submission of annually required documents. You will also have the option to take this electronic file with you once you graduate.

PLEASE NOTE: There will be a one-time usage fee of \$25.00 that you will be required to pay directly to Magnus Health.

GETTING STARTED:

Log on to mymu.misericordia.edu

- ⇒ Click on **Student Life tab** (top of page)
- ⇒ Click on **Health and Wellness tab** (left side of page)
- ⇒ Click on **New/Incoming/Returning Students/Magnus**

When you log into your Magnus Health SMR account, you will be able to download the forms that need to be completed. In addition, **you will need your personalized cover sheet to submit your forms to Magnus for uploading.** This cover sheet is provided with each form once you register with Magnus but **can not be uploaded or sent to Magnus until you have your “mymu log-in” credentials.** Such forms include, but are not limited to, an annual physical by your primary care provider; verification of immunizations including a meningitis booster after your 16th birthday and a current PPD/TB skin test. You will also need proof of current health insurance coverage. (If you are from out of state, please be sure your coverage is available in Pennsylvania.) These forms are a requirement for all full-time students regardless of housing status.

PLEASE do not send forms to Magnus without having your personalized cover sheet with your identifying information attached.
