Dear Columbia Community Council,

Leslie and I have been working hard to consider all the input we've received in our community council meetings. We assembled a draft for our School Improvement Plan. Please open the attachment to preview it. The first 9 pages are mostly narrative and review of the current year's goals.

The new proposed plan begins on page 10. We have included 5 different goals. Based on your input, the plan mostly includes personnel support (teacher assistants) and we've excluded much of the technology financing, except for what was included in the 5<sup>th</sup> goal, found on page 19.

We anticipate having large class sizes in 2<sup>nd</sup> grade next year. We will fund aides in 2<sup>nd</sup> grade, but that may need to be funded from a different source. We hope to have that figured out tomorrow.

If you are able to join us for a zoom meeting tomorrow at 1pm, the information to join is below. If you cannot join the meeting, feel free to still participate by "replying all" to this email.

Thank you, and stay well.

Mr. Denhalter
