

Davis School District

LEARNING FIRST

# Davis Learns Together

District plan for health,  
social-emotional, and  
academic recovery

This plan is patterned after Governor Gary Herbert's *Utah Leads Together* plan for a health and economic recovery. It outlines district priorities and addresses three phases of the district's efforts to address the needs of staff and students during the coronavirus health crisis. Changing circumstances could warrant adjustments to this plan.

Version 1: April 6, 2020

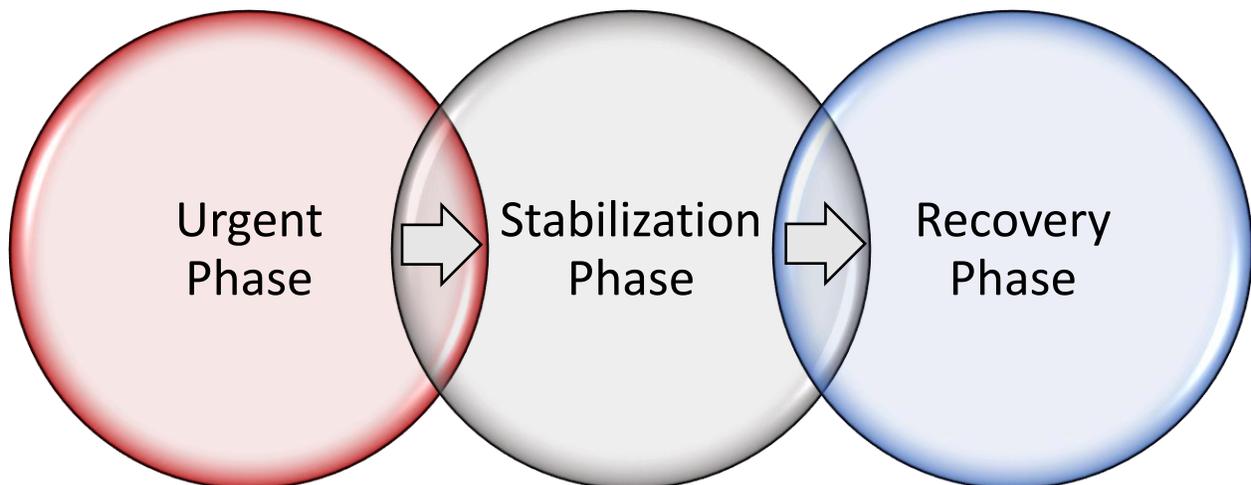

## District Priorities

Throughout the response to the COVID-19 (or coronavirus) health crisis – the largest and most serious health crisis our community has seen in recent history – the district maintains focus on these five priorities (listed in order of importance).

Priorities	
1	Maintain the safety, health, and security of every staff member
2	Connect with every student/family with a focus on kindness, caring, and learning (in that order)
3	Create an environment of normalcy and support for staff, students, and families
4	Systematize delivery of information and instruction from staff to the public we serve
5	Move student learning in a positive direction

## Phases of the plan

The phases of the district plan mirror the phases of the state plan, however the timelines for moving from one phase to the next may differ from those in the state plan.

**Urgent Phase**

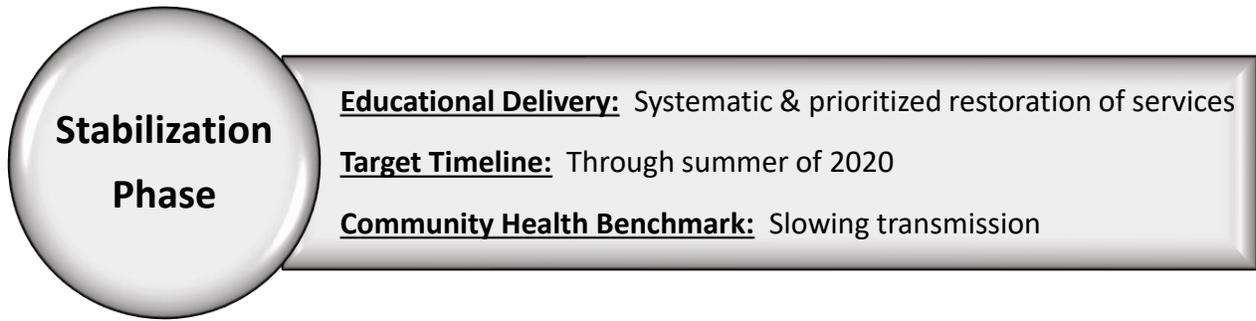

**Educational Delivery:** Soft closure of schools

**Target Timeline:** Until reopening or end of 2019-20 school year

**Community Health Benchmark:** Increasing transmission
