Previous Lessons:
Volume of prisms

For the next several weeks, the majority of lessons will come from www.khanacademy.org

You have been given individual usernames and passwords. If you have not received yours yet, send me an email.

Objectives

- Objective / I Can:
- **Add and subtract positive and negative numbers**

Activities:

All videos, notes, activities, quizzes are in sequential order on Khan Academy. Start at the beginning and go through each individual task. Most are very short, 5-10 minutes.

Academic/Instructional Support

I'm available by phone, email, and TEAMS every week day. If you email me after 5 you probably won't hear back from me until the following day.

To Be Graded

Grades will be the quizzes on Khan Academy. If there are more than two per week, I will take the average.
Watching the videos, etc. counts as participation and attendance, so don't skip them.
