

CANISIUS HIGH SCHOOL

JESUIT PREPARATION *for* COLLEGE...FOR LIFE

April 9, 2020

Dear Parents/Guardians,

I hope that you and your family are well as we approach Easter. We could never have predicted where we would be right now even a month ago. It has been a stressful few weeks and some time for rest, reflection, and relaxation during these holy days may be good for us all.

As the governor stated this week, all schools in New York State will be closed through April 30. We will, therefore, not be returning to school after the Easter break as originally planned. eLearning will continue beginning on Monday, April 20. We will send more information regarding any changes or modifications to what we have been doing before that return.

Next week, we will be hard at work on our plans for the remainder of the school year, taking a look at all the events and activities that have been on the calendar since last year. We will consider *what* can still be done as well as *how* we might be able to do the necessary things in light of social distancing and gatherings of people.

I suggest that as a Canisius community we all join together in prayer for those who are sick and dying of this terrible virus, as well as in thanksgiving for all who work in health care facilities and in the service of our community at this time. May the hope of Easter fill our hearts in the days and weeks ahead.

Sincerely,

A handwritten signature in black ink that reads "Andrea Tyrpak-Endres". The signature is written in a cursive, flowing style.

Ms. Andrea Tyrpak-Endres
