

## Directions for Adding Health Code to Home Screen on Phone By Diego Zhang and Karl Suits, Hangzhou International School

### 1. Open the Alipay App and click on the Health Code Icon

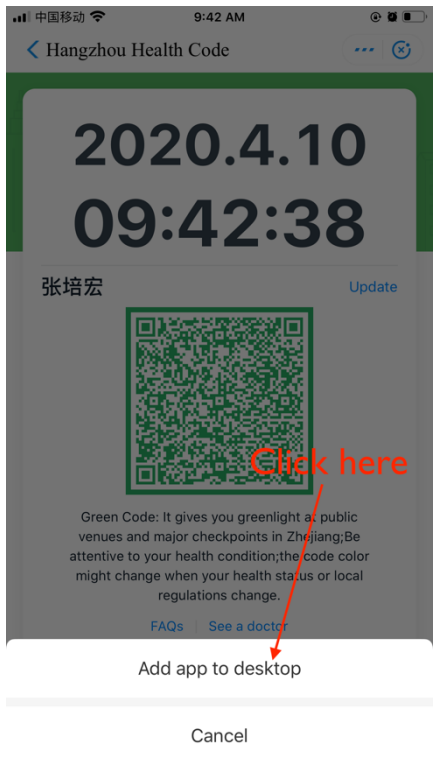

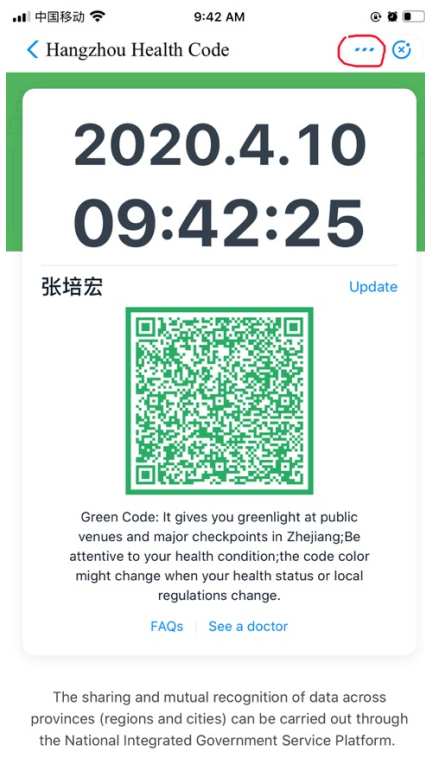

### 2. Select the Zhejiang Province and Hangzhou City

3. Click on the three dots at the top right of the Health Code and add app to desktop

The sharing and mutual recognition of data across provinces (regions and cities) can be carried out through the National Integrated Government Service Platform.
