

SMNW 1980 40YR REUNION UPDATE: PLEASE READ!!

Hello 1980 Classmates. When your committee started working on our 40yr reunion, Corona was a beer you put a lime in, NOT a pandemic. We have been trying to navigate the new landscape and have concluded that our July 11th date is not worth the risk. We also don't know what will constitute a crowd at that time so rather than risk limitations, we have decided to have a SMNW 40yr +1 Reunion (Jeff Cook came up with the name). This will be sometime in 2021. We will have much more at a later date when we know it is safe and prudent to do so.

As a committee, we are disappointed, as we have put many hours into making this another epic SMNW 1980 Reunion. Your committee will continue to work on our 40yr+1 Reunion over the next year. We need your HELP!!!
