

April 13, 2020

Hello Parents and Guardians:

This week is spring break. Teachers and students will have this time to rest and re-energize before finishing the school year. We appreciate the parents and students connecting with the learning online as we go through this unusual experience.

Food - Lunch pick up at KPMS 11-1 pm, parents can go to district link to get delivery at the bus stop. https://docs.google.com/forms/d/e/1FAIpQLSfS5S-11RhUWc8dyMRG6YLR62MrKXSMmYQOpGoPhFSd_56d9Q/viewform

Food backpacks, now boxes, delivered on Saturday to the following locations: Evergreen Elementary, Gateway Park, Henderson Bay 12-1pm. Lunch is for every student, not just free and reduced students during the shutdown. Food services will be serving lunches during the Spring Break this week.

Parent Need Survey: <https://forms.gle/amTvMDsqRLjpmf7y7> The link is a survey for any parent need such as mental/health resources, computer/hotspot needs, or other that KPMS can solve or direct families to possible resources.

Schoology Tips:

KPMS first period teachers will be sending the parent access code after spring break. Not all parents have their codes as we understand. The parent code gives parent access to an individual student's Schoology accounts to check on assignments if needed. Above is a link for general parent instructions. You can still access with your student's codes.

Online Registration information will be sent out to students and parents on 4/27/2020 for 6/7th graders. PHS will contact 8th grade students about registration when PHS determines dates for the process.

8th Grade Drive Thru (Moving On) Event: Staff are trying to plan and arrange a drive thru experience for 8th graders. This will be following the safe distancing guidelines. Staff are thinking creatively to provide some special event for 8th grade as they transition. More details to come as we plan.

Thank you for your patience as KPMS staff deliver the online learning. We get better every week. There will not be new assignments or zooms this week during spring break, but students can still access the learning activities on Schoology.

My hope is that your families are safe. We miss the children.

Jeri Goebel, Principal
