### Are you interested in working with children?

The Education Pathway will prepare you for working with children in pre-school, elementary, secondary, afterschool and daycare positions. It is also a great place to start if you are interested in working as a social worker, pediatrician, counselor, or any other career that involves working with families and children. You can earn college credits and gain priceless experience in the field working directly with children.

Employment in southern California for Careers in Education, Training, and Child Development are expected to increase by 13% by 2026.
