

NCSD Continuity of Learning Grading Plan

Novi Community School District is committed to providing students with learning opportunities during these unprecedented times. In alignment with the MDE Learning at the Distance Guidance (p.18), our goal is to do no harm to our students and teachers. Our staff will make every effort and intervention to reach and support every student in danger of failure while offering opportunities for students to complete work.

The COVID-19 pandemic and the forced closure of schools has created a need for online instruction and learning which affects all stakeholders. The emphasis of schoolwork is on continuous learning, supported by monitoring and feedback, not grades. Therefore, the Novi Community School District will be implementing the recommendations of the Michigan Department of Education which strongly urged school districts to adopt a credit/no credit policy (Learning at a Distance Guidance, p.18, MDE) as of April 20, 2020. Specific information by grade level is included below.

Kindergarten through 6th Grade:

For all courses in grades K-6, students will be promoted to the next grade in the NCSD curricular path. NCSD will work with our teaching staff to adjust the curriculum for the 2020-2021 school year to account for this disruption in school. Exceptions, only in the most extreme cases, will be made at the district's discretion.

Students will be advanced to the next grade or class unless there is a very specific reason to keep that student in the current grade. Retention is not research-based, and Novi does not support it. Final marks for K-6 Report Cards will be those from Trimester 2. There will be no Trimester 3 report card markings.

Grades 7 through 8:

For all courses in grades 7-8 that are not for HS Credit, students will be promoted to the next course in the NCSD curricular path. NCSD will work with our teaching staff to adjust the curriculum for the 2020-2021 school year to account for this disruption in school. Exceptions, only in the most extreme cases, will be made at the district's discretion. Retention is not research-based, and Novi does not support it.

9-week courses:

Quarter 3 9-week courses will receive the grade earned as of March 13th, 2020.

Quarter 4 9-week courses - Students will earn a grade of Pass by engaging in the Opportunities for Weekly Learning (OWLs) (see below).

Year-long courses:

Grades/Credit for 7-8 Report Cards will be based as of March 13th, 2020 according to the following:

Grades/Credits for middle school students taking a year-long 7th or 8th grade course will be awarded in the following manner (non-high school credit courses):

If you were passing your course as of March 13, 2020			If you were NOT passing your course as of March 13, 2020		
	If you	Then you will		If you	Then you will
OPTION 1	Engage in 5 to 8 of the Opportunities for Weekly Learning (OWLs) for the remainder of the year in compliance with the Distance Learning Checklist	Earn your Grade as of March 13th, 2020	Expectation	Engage in the 5 to 8 of the Opportunities for Weekly Learning (OWLs) for the remainder of the year and work with your teacher to address gaps in understanding from prior units	Receive a PASS for the course
	Engage in 0 to 4 of the Opportunities for Weekly Learning (OWLs) for the remainder of the year in compliance with the Distance Learning Checklist	Receive a PASS for the course			

Grades/Credits for middle school students taking a year-long course for high school credit will be awarded in the following manner:

If you were passing your course as of March 13, 2020			If you were NOT passing your course as of March 13, 2020		
	If you	Then you will		If you	Then you will
OPTION 1	Engage in 5 to 8 of the Opportunities for Weekly Learning (OWLs) for the remainder of the year in compliance with the Distance Learning Checklist	Earn your GRADE as of March 13th and CREDIT in this course	OPTION 1	Engage in 5 to 8 of the Opportunities for Weekly Learning (OWLs) for the remainder of the year in compliance with the Distance Learning Checklist and work with your teacher to address gaps in understanding from	Earn CREDIT in this course

				prior units	
OPTION 2	Engage in 0 - 4 of the Opportunities for Weekly Learning (OWLs) for the remainder of the year in compliance with the Distance Learning Checklist	Earn CREDIT in this course	OPTION 2	Engage in 0 - 4 of the Opportunities for Weekly Learning (OWLs) for the remainder of the year in compliance with the Distance Learning Checklist and/or does not work with your teacher to address gaps in understanding from prior units	Not earn CREDIT for this course and may have to repeat it next year

Grades/Credits for middle school students taking a 9-week course during the 4th-marking period will be awarded in the following manner:

	If you	Then you will
OPTION 1	Engage in 5 to 8 of the Opportunities for Weekly Learning (OWLs) for the remainder of the year in compliance with the Distance Learning Checklist	Receive a PASS for the course
OPTION 2	Engage in 0 - 4 of the Opportunities for Weekly Learning (OWLs) for the remainder of the year in compliance with the Distance Learning Checklist	Receive an Incomplete for the class
